Mr. John O. Herbold
Attorney at Law
219 Hollywood Security Building
6381 Hollywood Boulevard
Hollywood 28, California

Dear Mr. Herbold:

Now that the basketball season is over and I find a little more time on my hands I am writing the letters that I should have written during the past two or three months.

I want to acknowledge with appreciation your note with the clippings attached concerning myself that you got from the Los Angeles papers on the 7th and 8th of December, 1945. I also appreciate your thoughtfulness.

Sincerely yours,

FCA:MF

Director of Physical Education,
Varsity Basketball Coach.

JOHN O. HERBOLD

Los Angeles "Times" of 12/7/1945

Los Angeles "Examiner"
12/8/1945.

Grid Expose Predicted

KANSAS CITY, Dec. 6.—(P)—Dr. Forrest C. Allen, dynamic basketball coach at the University of Kansas, today predicted a football scandal "worse than the basketball scandal (Brooklyn College) of last season."

Addressing the Kansas City Rotary Club on his favorite subject—gambling and professionalism in college athletics—Dr. Allen charged that 99 out of every 100 Bowl teams are more professional than the Chicago Bears, "because the Bears make their player contracts public and above board."

"The big time gamblers of this country know more about the football teams than the coaches or athletic directors," he said. "That is why they can make books on 'do or don't' by a certain number of points and not miss very often."

Without calling names, Allen said he knew of "two cases where correspondents of college teams are hired by gamblers to furnish information concerning the teams' physical and mental condition."

Allen put the blame for such conditions on college faculty representatives who, he said, "are sitting in a fool's paradise."

'Phog' Allen Cuts Loose

LAWRENCE (Kan.) Dec. 7. (U.P.)—Dr. Forrest C. (Phog) Allen charged today that college bowl-winning football teams were more professional than the Chicago Bears.

"The Bears, at least, publish the salaries paid their players," the K.U. basketball coach said. "It's all clandestine in the colleges, but they're getting paid one way or another."

Dear "Phog";-

Thought you might like these clippings from local papers for your Scrap-Book?

Saw the Fleet City Navy Bluejackets wallop the El Toro Marines 48 to 25 in a great football game Sunday a week ago in our Coliseum. That colored boy, "Buddy" Young, ex-Illini, is certainly a speedster.

I thought the "Redskins" would take the "Rams" yesterday.

Best wishes, Sincerely,

John O. Herbold

January 31, 1946

Mr. Wayne E. Hird
Rural Route 1
Lawrence, Kansas

Dear Wayne:

Reports have come to me that you have been rather active in interposing yourself in a situation that is hardly justifiable or complimentary to you. I have helped you in many situations, in some of which you needed quite a bit of help. Therefore, I think you are entirely out of place to try to persuade, even though unsuccessful, a student not to participate in basketball during the basketball sport season. When a boy has been in the service of his country quite a few years and returns to school, he should be allowed to follow the dictates of his own desires, rather than to be even approached by someone who has not given that service.

Some boys go to college to get an education and football and basketball is incidental. It is not the main objective. I believe that you know what I mean.

Sincerely,

Director of Physical Education,
Varsity Basketball Coach.

Dr. "Fog" Allen
Kansas University
Lawrence, Kansas

Dear "Fog":

Again, I want to congratulate you on your recent victories over Oklahoma and Iowa. Surely, you have been able to do "wonders" with our boys there at K. U.

How I would like to see the football climb to the pinnacle we have enjoyed in basketball. Maybe that time is now beginning under the advent of Mr. Sauer.

"Fog", it is a long trek back to the night many years ago in Mankato when Wint Smith called me, the grade school principal, and asked me for a pair of my pants for "Fog" Allen to wear while he (Fog) refereed a basketball game between Mankato and Belleville.

Next, I met you on the Summer Session Baseball Team in 1921. You, Wint and I all played on it. While I was assistant State Superintendent under W. T. Markham, I met you many times. I always enjoy your talks here in Topeka before our various civic organizations.

Very truly yours,

Ray D. Hodgell
Secretary

January 22, 1946

Mr. W. P. Hieronymus, President
Midland College
Fremont, Nebraska

Dear President Hieronymus:

I am late in replying to your inquiry of January 15 regarding your consideration to the application of Mr. John Pfitsch for the Director of Physical Education and Athletic Coach at Midland College in Fremont, Nebraska.

I am happy to state that Mr. Pfitsch is my assistant in varsity basketball and also my assistant in the Department of Physical Education. He is a sterling character, has an exceptional personality and is as clean as a hound's tooth. He has leadership far beyond even a superior leader. He has an unusual yen for cooperation with the other fellow. His ability to get along with young people and to lead them by the power of his personality is unexcelled.

I might relate my experience with Mr. Pfitsch. Several years ago I was teaching summer school at the University of Texas in Austin. Mr. Pfitsch was a graduate at that time. After receiving his A.B., he followed me here to the University of Kansas, where he took his masters' degree, majoring in our department. He is a son of a physician, a former medical missionary. When the war came on, he tried to enlist but the examining physician found that he could not supinate, due to the fact that the head of the radius was too long to allow him to upturn his palms in an outward direction. The theory was, of course, that a soldier could not fire a gun readily if he could not supinate freely, so he was turned down as a candidate for officer's training. However, he was drafted and entered the Army as a private. He came out a captain and was being recommended for his majority when he came out. He was one of General George S. Patton's trusted men and made a great record. He was sighted and decorated for bravery on several occasions. He is fearless and has the spirit of his convictions. He does not use narcotics or alcoholic beverages in any way, nor have I ever heard him use profanity. He went through the entire war without even drinking coffee; he is that clean in his personal habit. He is of small stature, but his personality is such that this is no handicap to him whatsoever. He is a member of the Lutheran Church and follows his ideals religiously.

I would recommend him to you without reservation or evasion.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

MIDLAND COLLEGE
FREMONT, NEBRASKA

W. P. HIERONYMUS
PRESIDENT

January 15, 1946

Dr. F. C. Allen
University of Kansas
Lawrence, Kansas

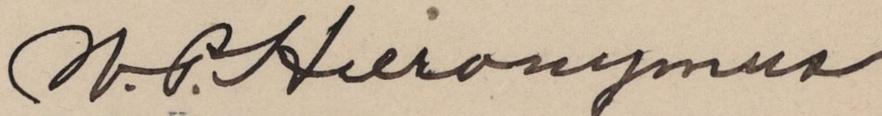

My dear Dr. Allen:

We are giving serious consideration to the application of Mr. John Pfitsch for the position of director of physical education and athletic coach at Midland College. I will appreciate it very much if you will be so kind as to give me a candid estimate of Mr. Pfitsch with respect to his character, his competency for the position, his willingness to cooperate with others and his ability to get along with young people.

Enclosed herewith you will find a stamped return envelope for your convenience in replying.

Thanking you for this favor, I am

Very cordially yours,

W. P. Hieronymus
President

Our summer ~~session~~ starts June 18 and ends August 9. I will teach basketball and will be glad to have you.

Sincerely,

FCA:MF

Director of Physical Education,
Varsity Basketball Coach.

Wheaton High School
Wheaton, Kansas
October 2, 1945

Dr. Forrest C. Allen
University of Kansas
Lawrence, Kansas

Dear Dr. Allen:

I would like to know what you offer in terms of classroom work, in the theory of coaching basketball during the summer session. I'm very much anxious to have some work under you since Mr. Godlove of Ottawa University was not coaching during the two years I attended there (now in the Navy). I have a minor in science and need some physical education credit to be able to coach properly. Presently I have the responsibility of coaching basketball here at Wheaton High School and will do it with what knowledge I experienced through college competition.

I wish to know also whether K. U. is still discriminating students of different ancestry. Sometime ago I read in the Kansas City Star that the University would accept all honorable discharged soldiers, even though of Japanese ancestry, I am of that racial origin and have been discharged from the Army. I would appreciate whatever information you can give me in regard to this matter as well as your teaching.

Thank you kindly for your time.

Sincerely yours,

Sammie Hasegawa
Sammie Hasegawa

A

HEADQUARTERS
14TH ANTI-AIRCRAFT COMMAND
APO 75, September 5

Dear Phog:

Please excuse the lousy typing you are about to read, but I can get more on a page this way. I have just received the June 25 Rebounds and I think that I haven't missed an issue since you first started sending them to me. I want to repeat what has been said many times and has been thought by every man who has received the Rebounds-- it's the finest Stateside morale keeper-upper publication in the business; that is of course excluding the letters from the lil woman. Now that V-J Day has thrust itself upon us I hope you won't forget about us pointless wonders who got over here late and will probably have to remain to help close the gate.

I have run across very few KU people in my Army travels so far. Hoyt Baker worked in my section at Camp Edwards for a short time in 1943 and I saw Ray Evans in El Paso last October following the 2nd Airforce-New Mexico fracas.

War has taken its toll of some especially fine boys. I particularly remember the day Fred Eberhardt came into the office to get the dope on applying for Marine Corps OCS. He must have made one of the best Marine Officers in the business.

While I was in California before I left the States I had a chance to run up to Palo Alto and see Ruth and Burt DeGroot. We had a lot of fun together. Burt has gone all out for volleyball in those west coast bases and plays himself morning noon and night to hear Ruth tell it. He was also involved in some Physical Training movie production work at the time I was there.

I'M back in the school business again--in fact I have never been out of it. This time I am Education Officer for 14th Antiaircraft Command, in charge of plans for supervision of the Army Education Program in most of the AAA units over here. You are no doubt familiar with the War Department plans for giving the soldiers a chance to start preparing themselves for that civilian job they expect to go back to. We hope as soon as things settle down to have a rather elaborate educational program going on all over the place to occupy the time of the men until they can get on the boat and go home. I've only been working at this thing for about three weeks but it looks as if it might develop into something pretty big.

Censorship is no more--so I can say that I am comfortably located in Manila, near the Wack-ack Country Club, if you ever played golf over here. The climate is pretty hot and sticky right now but we have plenty of water for showers and the nights are cool so, aside from being ~~very~~ lonely for my family I'm living very well. I get down town to hear the Manila Symphony about every other week and we have movies every other night.

My wife and little boy are living there in Lawrence now- perhaps you've seen them. If you get to see the kid, pat him on the head for me--then maybe he'll grow up to be a basketball player like his dad never got around to being.

Sincerely

James K. ...

Sept. 15, 1945

Major James K. Hitt
Hq. 14th Antiaircraft Command
APO 75, c/o Postmaster
San Francisco, California

Dear Jim:

I appreciate your fine letter written September 5, 1945. Only last night we mailed you a very voluminous thirty-eight page Jayhawk Rebound. I wish that your letter might have arrived so that we could have included some of your fine comments. I notice that you are at the Wack-Wack Country Club in Manila. I know that I would enjoy playing there because I like the game of golf.

I was in Chicago at Rotary International meeting from June 14, to June 19. I was elected District Governor of our District here and was up at Chicago imbibing some inspiration and information. Burt DeGroot called at the hotel and left word for me to call him. I tried, but missed it. So, I haven't had an opportunity to chew the fat with him for quite some time.

My daughter, Mary Allen Hamilton, is here visiting and she gives me word of the DeGroots, so I feel that I am still in close contact with them. Burt is to be stationed in Washington, D.C., I understand, and Ruth may come our way for a stop over.

We sold our big home at 801 Louisiana and are moving into a cottage that Mrs. Allen bought Milton when he studied law a few years back. We got a fairly good price for the place and we feel that getting rid of a big house at this time was a good thing to do. Our grandson, Lee Hamilton, graduated from Culver summer school this summer, after having spent four summers up there. Jane, our middle daughter, is with us, as is her ten months old baby, Jill. Her husband is on Guam. He is a Navy flier, Transport Command. Bobby Allen finished his internship at Rosedale and is stationed at San Francisco. He was ticketed for the amphibious landings, but the atomic bomb saved that joust. Milton is a lieutenant, junior grade, back in Boston. But, why should I carry on this information when the Rebound will give it to you more fully?

I am happy that you are in educational work because I know that you feel happier in this activity than you did in aimlessly sitting around with the knowledge of doing things constructive as you are in your program that you have outlined at present.

Ed Elbel is hoping to get out of the Army and back in the University about November 1, but that is not dead certain as I get the information from Mrs. Elbel. I haven't seen your wife and little boy for quite some time, but I will make it a point to do just this thing for you.

I might add that it would be awfully good to have you back with us and I hope the time will not be too far distant in the future when this may come to pass. With all good wishes, I am,

Sincerely yours,

August 17, 1946

Hobson-McFarland Tractor Company

Mr. Gene Holmberg
Pro Golf Manager
Wilson Sporting Goods Company
1509 Baltimore Avenue
Kansas City 8, Missouri

Dear Gene:

Thanks for your letter of June 1 regarding my golf bag. There is a lot of sentiment connected with this bag, since it was presented to me full of Kenneth Smith clubs and irons. The citizens and friends of mine of the community gave it to me when we defeated the University of Southern California in March, 1941, for the Western Conference Championship. Therefore, I do want it repaired and, if nothing else, just have the bottom of it stitched so that I can use it. They can let all the rest of it go and ship it back to me, but it will take some sort of a stitching device that I thought they would surely have, because since they made it and stitched it once, it seemed to me that they could stitch it again for me as there are no parts missing.

Gene, it seems to me it took them a long time to discover that they could not repair it, because your Kansas City letter was dated May 2 and they felt "that they should write immediately concerning same".

Yes, I want it fixed, Gene, and just the bottom of it, and then they can ship it back to me the way it is and I will still like it.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Kansas City, Mo.

June 1, 1946

Dr. Forest Allen
University of Kansas
Lawrence, Kansas

Dear Dr. Allen:

Below we quote a letter just received from our bag factory in New York. Please let us know what you want to do.

"We have inspected the golf bag which you sent in for repair on order No. 13483 KC dated May 2, and felt that we should write you immediately concerning same.

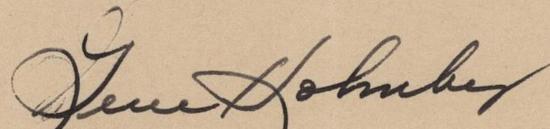

The amount of repair work necessary to put this bag into first class condition is so great that it is our opinion that this golf bag should be scrapped.

Frankly, it is so bad that we do not feel that we should be asked to attempt any repairs and if we have to proceed with this repair work the cost of same would be so great that it would represent a good portion of the necessary price for a new golf bag.

We earnestly recommend that Dr. Allen be contacted regarding this bag to ask for its disposition as we would prefer to return it as is than go ahead and make repairs and put through the large charge for the repair work. Will you please advise promptly as we will hold this bag awaiting your reply."

Cordially yours,

WILSON SPORTING GOODS CO.

Mr. Harry Huston
Superintendent of Schools
Blackwell, Oklahoma

Dear Harry:

This morning I got in touch with Coach Ralph Dugan, who coached our Varsity in baseball this year. I told him that you are wanting a pitcher or an infielder and he will write you just as soon as he contacts his boys and sees what they are planning to do this summer.

I did not recall whether it was Ban Johnson or just semi-pro ball, and so if you will write me right away, it will help in the determination of the boys who might be available.

It was good to see both you and Marsh at Rotary conference in Oklahoma City. Marsh spoke to me then about baseball players, but I did not follow it up as closely as I should have.

With all good wishes to both of you and assuring you that you will hear from Coach Dugar shortly, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

FCA:MF

June 3, 1946

Mr. Harry Huston
Superintendent of Schools
Blackwell, Oklahoma

Dear Mr. Huston:

Dr. Forrest C. Allen tells me that you are looking for baseball players to play for Blackwell this summer. I have talked with a pitcher and two infielders from our Varsity team and I have asked them to write to you.

Rayburn O'Camb, age 20 years, is a 6-foot 2-inch left-handed pitcher and he has done an outstanding job for the Varsity this spring. His record is good at K.U. and his earned-run average is excellent.

William Morrow, age 20 years, a native of your city, is a hard-hitting infielder. At present he is in the Navy R.O.T.C. at K.U., but he will be out soon. He should be glad to play ball in his home town.

Harold Stewart, age 20 years, is a first baseman with excellent fielding abilities. His home town is Tulsa. He also can play in the outfield.

These men lettered this year at K.U. They are highly qualified, in my opinion, to play ball on any semi-pro team in this area. I advise that you write to them as soon as possible because they will be leaving school within a week or two.

For your information I will give you their addresses.

Harold E. Stewart
1316 Vermont
Lawrence, Kansas
or
1402 West Brady
Tulsa 6, Oklahoma

Rayburn O'Camb

May 28, 1946

Dr. Forrest A Allen,
Kansas University,
Lawrence, Kansas.

My dear Dr. Allen:-

You may have heard from Robert, but if not you will be interested in his new job. He went to U.C.L.A. in January to complete his Master's degree. The other day he signed a contract to be head Coach of Basket Ball at Woodrow Wilson High School, Long Beach. This is a school of 2000 students. He follows a man named Fred Frazer who has held the job for 19 years. Bob is also to teach two classes in history.

I don't know how he will do on this job. It looks like a rather large assignment, but I hope he measures up to it. I suppose he will be writing you for some advise.

Bob came back from the south Pacific rather shot to pieces in his nerves but his wife says that these months of study have made him over and he is like himself again.

Hope your boys are out of the service by this time and pursuing their professions.

Best wishes to the family.

Cordially,

Robert A. Hunt

Boulder, Colorado

Dear Tommye:

It was good to have your booming personality and effervescent self in my office and on the campus last month. I am sorry that I have been delayed in answering your letter but you can probably fully understand, considering that you took your turn as yell leader here not so long ago.

We have just completed our season by lossing to Oklahoma A. & M., as you well know. Undoubtedly you have that same dull feeling that we all had as a consequence. Nevertheless, we are anticipating a fine season next year with much the same personnel returning.

It will certainly be fine to meet your husband some day. With the spring on Mount Oread as it is, why not run down one of these week ends and give all the boys another break.

I do appreciate your fine letter and I am happy that you were able to see one of our games, and happier yet that we could do such a little thing like getting the tickets for the game for you. I have informed some of your friends to the effect that I have gotten a letter from you and have distributed your regards widely.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Mary Hart

February 27, 1946

Dear Phog-

Golly it was grand to visit with you and your charming wife again. It certainly brought back a million memories to be at K.U. for even so short a time.

Roy Edwards and I had all we could do to keep from joining the cheer leaders at that K.U. - U.U. game. They did a grand job and looked very sharp but it was almost too much for me to have to sit through a whole game!

Seeing so many of the same team I went to school with temporarily erased all the intervening years and I could hardly stand it. Suppose I'll ever settle down and get grown up? My husband says he hopes not - that's why he married me - because I was such a screw ball! I do hope you will meet someday - he's pretty nice you know.

I see as usual, you are coming up

with another winning team. I keep closely posted always and yell louder than any one over it. You're certainly Top Proq.

Mother and Dad join me in thanking you for our visit and for seeing that we had tickets for the game. We more than enjoyed every second of it. And I shall tell Frosty Cop all about it when I next see him!!

Best of luck to you and yours,
regards to all my buddies and tell
Johnnie hello for me please - it was so
sweet seeing him again.

Very sincerely,
Tommy Hart
