Dear Dr. Allen:

I would like to know what you offer in terms of classroom work, in the theory of coaching basketball during the summer session. I'm very much anxious to have some work under you since Mr. Godlove of Ottawa University was not coaching during the two years I attended there (now in the Navy). I have a minor in science and need some physical education credit to be able to coach properly. Presently I have the responsibility of coaching basketball here at Wheaton High School and will do it with what knowledge I experienced through college competition.

I wish to know also whether K. U. is still discriminating students of different ancestry. Sometime ago I read in the Kansas City Star that the University would accept all honorable discharged soldiers, even though of Japanese ancestry, I am of that racial origin and have been discharged from the Army. I would appreciate whatever information you can give me in regard to this matter as well as your teaching.

Thank you kindly for your time.

Sincerely yours,

Sammie Hasegawa
