

June 3, 1946

Mr. Harry Huston
Superintendent of Schools
Blackwell, Oklahoma

Dear Harry:

This morning I got in touch with Coach Ralph Dugan, who coached our Varsity in baseball this year. I told him that you are wanting a pitcher or an infielder and he will write you just as soon as he contacts his boys and sees what they are planning to do this summer.

I did not recall whether it was Ban Johnson or just semi-pro ball, and so if you will write me right away, it will help in the determination of the boys who might be available.

It was good to see both you and Marsh at Rotary conference in Oklahoma City. Marsh spoke to me then about baseball players, but I did not follow it up as closely as I should have.

With all good wishes to both of you and assuring you that you will hear from Coach Dugar shortly, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
