Dear Phog-

Golly it was grand to visit with you and your charming wife again. It certainly brought back a million memories to be at K.U. for even so short a time.

Roy Edwards and I had all we could do to keep from joining the cheer leaders at that K.U. - U.U. game. They did a grand job and looked very sharp but it was almost too much for me to have to sit through a whole game!

Seeing so many of the same team I went to school with temporarily erased all the intervening years and I could hardly stand it. Suppose I'll ever settle down and get grown up? My husband says he hopes not - that's why he married me - because I was such a screw ball! I do hope you will meet someday - he's pretty nice you know.

I see as usual, you are coming up
