

and let me say again that I have
a very fond desire that some day
Bob, too, can be one of Doc's Boys.
I realize it will be some years
before he is ready for K. U., but
hope he can know you as he
developes.

One of these fine days I am going
to stroll into your office and
drag you out for a round of golf.
Along with hammering the golf ball,
we can bat the breeze for a while.

Thanks Doc for the many times
you've been such a good friend
to me and mine. Please keep me
on the mailing list for Rebounds
at least till I am lucky enough to get
back. I'll be 40 years old, and eligible
for discharge in February, so you
can expect me back in Lawrence by
Spring of '46 at the latest.

Still one of 'Dacs Boys'
