Coach of Basketball
University of Kansas.

Dear Dr. Allen:-

Before I state the purpose of this letter I wish to apologize for my nerve in writing you.

I am employed by the Town of Lee, Massachusetts as a teacher-coach and basketball is what I am now coaching. When I started coaching in 1930 I purchased your "Basketball Bible" and have used your suggestions, over the past 13 years, with a fair degree of success. Then two years ago I saw a 16 mm film on Basketball that you and your squad had posed for, and which I liked a great deal. Since then I have acquired a 16 mm Eastman silent projector and now desire a good basketball film to aid in coaching.

Do you know what concern has this film, either for long lease or for sale? or would you suggest the title of a film that might aid me?

Thanking you in advance, and wishing a successful season upon you.

Respectfully

David L. Hoyle, Coach of Basketball
