

January 17, 1945.

Mr. W. J. Howland,
Superintendent of Schools,
Nortonville, Kansas.

Dear Superintendent Howland:

Time was up before the foul was called. There was a slight difference in the second hands of the two clocks. The rules say that the clock that is official, of course, shall determine the time, and the referee did not hear the signal ending the game.

Therefore a foul made after the game would not be recognized. That was the reason.

Sincerely yours,

FCA:AH

Director of Physical Education,
Varsity Basketball Coach.
