Dear Bob:

Thank you very much for your prompt response to my letter concerning Bob Bayles.

I am today writing Mr. Victor Toft about Bob, asking him if there is a possibility that he could get a job at Troutdale. I am sure that a word from you to Mr. Toft would be greatly appreciated by both Mr. Bayles and his son. Bob would like to go to Troutdale for the summer, and I know that he would be a very willing worker.

With appreciation, and best wishes to you and your family, I am

Dear Mr. Toft:

I am writing you at the suggestion of Mr. Bob Raugh concerning any possible opening at Troutdale-in-the-Pines for a young man here at the University. His name is Bob Bayles, a freshman in the University this summer. His father is Mr. C. G. Bayles, Superintendent of Buildings and Grounds at the University of Kansas.

Bob Bayles is very desirous of getting into a camp or hotel for the remainder of the summer. He is a fine, clean, upstanding young man, intelligent, aggressive and highly cultured, yet not afraid to work. I am enclosing a data sheet showing you some of his qualifications. I am wondering if there is any sort of job available for this young man at Troutdale. I would greatly appreciate hearing from you.

Very sincerely yours,

Dear Bob:

I have written letters to Bill Replogle, our freshman football coach, who is a Ranger at Yellowstone National Park; to Mr. Charles Elwell, of the Terrace Hotel, Green Mountain Falls, Colorado; to Mrs. Hunter, of the Lookout Hotel at Green Mountain Falls; and to Bob Raugh, who was in our department last year, who has spent a number of summers at Troutdale-in-the-Pines in Colorado.

As soon as I receive answers from these people I will get in touch with you.

I frankly believe that if you would go out to Green Mountain Falls you could get something without any difficulty. I talked to Mr. Henry Asher, who goes there each summer, and he made the remark that most of the boys who worked there last summer were at Pearl Harbor. He is pretty sure there would be plenty of work for you after you got there.

It is a pleasure to help you in any way I can, and as soon as I hear from some of these people I will let you know.

Sincerely yours,

Director of Physical Education,

Dear Bill:

Bob Bayles, the son of C. G. Bayles, Superintendent of Buildings and Grounds, is a freshman in the University. He enrolled this summer. He came to me and wants a summer job somewhere out west. He said he would like to get in a hotel or a camp of some sort. He is a fine, clean, highly cultured young man, yet not afraid of work.

Mr. Bayles is the fellow that gives the football players jobs on the campus, you know. I am wondering if there is anything in Yellowstone or around there that might be available for a boy of this kind. I am sending you some data on him, so if you can help out I would appreciate your writing me at your early convenience.

I don't believe it is the amount of money he would earn that is most important, but rather he wants the trip, and of course if there is any loose money I guess he would be tickled to death to get it, as Bayles has three children and they tell me they are expensive at times.

I trust that you are getting along nicely in your Ranger work and enjoying your usual health and jovial disposition.

With all good wishes, I am

Sincerely yours,

Dear Dr. Allen:

Saturday after I received  
word of the serious illness

be done about my school  
work as you have been  
so helpful my first time  
at K. U. but your wife said  
you weren't home but she  
would tell you.

I'm glad to say Mother  
is a little better and we  
have hopes of her recovery  
if all goes well but I won't

be able to leave this week in fact I don't  
just know how soon. What arrangements  
can be made in my case? I took 3 hours  
Administration of Phy. Ed. from Prof Shenk.  
I have his outside assignments turned in.  
3 hrs Principles of Community Recreation from  
you and your term paper is ready one  
of the girls, Miss Henry will bring it in.  
Then 2 hrs of Mental Hygiene from Dr. Tierney  
I have the abstracts ready from him and  
Miss Henry will bring those to him also.  
So I just have this weeks work and tests.  
I suppose all on the hill will go on  
vacation who don't teach so before the  
fall term or beginning of the term I could  
come up. I hope this don't ~~cost~~ <sup>cause</sup> you  
too much trouble. Things come up we  
can't help.

My mother is in Okla. City, she was  
with my sister while I was at summer  
school. So we will be here till she can  
travel.

We both are in need of glasses. I think it has been about ten years since we were fitted and we are realizing now at the age we are getting that we need some expert professional service.

Will it be quite agreeable with you to see us sometime Thursday afternoon at your convenience? I do not know how long your examination will take for both of us, so you tell us when you want us. We could come in Thursday morning if you could not do it Thursday afternoon.

Dear Brother Bob:

I have your good letter as of August 2nd, and regret to advise you that it is not possible to use our residence this time for the Phi Psi rush party.

Perhaps you had not looked at it from an angle that I present to you. The coaches of intercollegiate athletics are not supposed under any conditions to rush high school or university students for their respective fraternities. A few years ago we got in a very unpleasant situation due to the fact that one of the coaches rushed one of the boys who later proved to be a very fine athlete. The bad feeling engendered by this situation caused a rule to be put into effect, that no coaches should have any part in the rushing of any student.

While Bobby was in school, of course, it could be overlooked as that was his individual act. But with no children in school at the present time it would be badly misconstrued.

I trust that you will be successful in finding a suitable place.

With all good wishes, I am

Fraternally yours,

Director of Physical Education,  
Varsity Basketball Coach.

KANSAS ALPHA  
Phi Kappa Psi Fraternity

1100 INDIANA STREET

Dear Brother Allen,

They say that fraternities  
are built around the idea of  
"one for all and all for one." -

If we apply this to Phog Allen and  
Phi Psi, it's pretty apparent that  
the "one for all" part is more than  
true. I want you to know that  
we appreciate all you have done  
for the fraternity and feel that  
you owe it absolutely nothing -  
as a matter of fact, you have overpaid  
your obligations to it ten times over.

Why all the build-up? - Just  
this, - we are kinda' wondering  
where to have the train-date

this fall — and of course the first thing that comes to mind is your home because we've had it there before and there's no telling how many rushee's have accepted a Phi Psi button because your name and graciousness swung the balance.

This is not an official request, because I'm not even the rush-captain but I'd like to get an idea of how you felt about us descending upon you with fifty-million boys on the 14<sup>th</sup> of September. Naturally we will bear all expenses and will make the burden as light as possible on you and Mrs Allen. —

Please don't hesitate to say "no" if you don't think it would be possible as you have done more than enough already and there's no pressure connected with this letter. Thanks a lot for your consideration.

fraternally,

Dear Brother Allen,

Thanks a lot, anyway!!

We hadn't considered the rushing situation from the angle you presented, and you're right.

Our having the party at your home might very easily prove to be rather awkward for you in the light of University policy, and we certainly don't want that.

I don't think we'll have too much trouble in lining up a good place to have the train date if you have any suggestions we would appreciate them immensely.

Thanks again.

Colonel Raymond W. Briggs,

Headquarters Seventh Service Command,  
Omaha, Nebraska.

Dear Colonel Briggs:

Thank you for your letter of August 9th. My secretary has been away on vacation, and I have delayed replying to your communication.

I had no idea you were so well acquainted with my brother, Col. Harry B. "Pete" Allen, who is commandant of the R.O.T.C. at Stanford University. He succeeded Colonel Peyton about three years ago when Colonel Peyton went to Berlin as military attache.

Charlie Black, about whom I wrote you, did not know of the quota for enlistment in time and went to Kansas City and enlisted in the Cadet Aviation reserve. He passed his mental test with a grade of 108, when 84 was passing, and passed his physical examination at Fort Leavenworth with an excellent rating. He is now waiting to be sworn in, which will be some time this week, in Kansas City.

I do thank you for your kindness, and I congratulate you and the University in the action permitting many of these boys to enlist here who doubtless would be forced into the draft if they had to wait until school opened in the fall.

We are playing basketball in Omaha on December 15 and I would be glad to have you and your family as my guests at that time. If you can accept we will be happy to have you. I don't know at the present time what hotel we will be quartered at, but I imagine it will be the Fontenelle.

With appreciation, I am

Sincerely yours,

Dear Professor Allen:

There was sent to the University, by telegram last Thursday, its quotas for the enlistment in the Army Enlisted Reserve Corps of its qualified students. This telegram was followed the next day by a letter giving details.

Under this authorization you should be able to take care of your man Black, to whom reference was made in your letter of August 3rd, and deserving as a member of your basketball team.

Incidentally, I trust that you have your usual outstanding team. I have not seen your brother since the days he was at Fort Sill, when we talked much of you and your leadership in the development of basketball. In fact, I haven't the slightest idea where he is stationed at the present time, but I know wherever it may be, he is doing a fine job. From this you can gather that I am a fan.

Very cordially yours,
