Dear Dr. Allen:

I was glad to get your letter and think it certainly was a dandy and warrants an answer. To me it is very encouraging that there is enough interest being aroused so that people actually care who is president of the Alumni Association. A little healthy contest conducted in the right manner I am sure we all agree, is a good thing.

While I want very much for Charlie Shaeffer to be elected, regardless of the outcome, we feel we have done the Alumni Association some good by creating a renewed interest.

We sent out a number of letters and you would be surprised at the replies received from all over the United States, and I think interest has been stimulated very materially and wouldn't be surprised if it has not resulted in a very substantial increase in Alumni memberships.

As you know, there is not a thing in the world that Cal Morrow, Thornton Cooke, myself, or any of the other fellows in Kansas City want from the Alumni Association. Our only purpose is to have a "live" organization that will be beneficial to the University. We feel certain that our Kansas City organization is of that type and we always stand ready to get behind anything constructive.

Again let me say we appreciated your letter and the thoughts contained therein.

With kindest regards, I am

Dear Gerald:

Thanks very much for writing Mr. George W. Olinger regarding the pack of inspirational cards. They were received and I am delighted to have them.

I spoke out at Russell, Kansas, about two weeks ago to a group of thirty Junior Rotarians. It was a noon meeting of the Rotary Club at Russell. Prior to my going, I dug back into some old files and pulled out a letter dated November 18, 1929, from George W. Olinger, Chairman of Boys' Work Committee, R. I. He was writing me to congratulate me on my 44th birthday. I used this letter at that meeting with good effect. I thought it was an unusual coincidence.

Sincerely yours,

Director of Physical Education, Varsity Basketball Coach.

Dear Mr. Olinger:

I appreciate your sending me the pack of Inspirational Cards that was in the mail this morning. I shall put these to good use.

Would appreciate it very much if you would also send one of these to two of my friends in Lawrence, who are interested in Youth, and have done much to aid in their development. There addresses are:

WRITTEN FROM:
Liberal Office,
September 9th, 1944.

Dr. Fbrrest C. Allen.
Physical Education Department.
University of Kansas.
Lawrence, Kansas.

Dear "Phog ":

This letter willeither be presented to you in person, or mailed to you along with a letter of his own by Frederick O. Littlefield, who last year captained both Liberal high school's football and basketball teams, and who maintained a four year scholastic aterage at Liberal high school of 90.09, which was sixth highest in the entire graduating class.

Fred will not be 18 until January 28th, 1945 and should be able to finish his entire first semester before military duty becomes possible, and with the imminent collapse of Germany, he, of course, may not be called to all.

Frederick played left halfback and was runner, passer and punter on last year's Liberal high school football team, which defeated the two outstanding teams in this area, Dodge City by a score of 7 to 6, and Garden City by a score of 12 to 6. He made the game winning pass in the Dodge City game, and made a behind tackle of Blickenstaff, the Garden City flash, which kept them from tying or winning their game with us.

Littlefield from a guard position scored 151 points in basketball, to be almost as dangerous a high school scorer as Frosty Cox was on the old Newton clubs. The Liberal team won the Western Kansas Regional Tournament at Garden City last year. Fred occupied the same kind of a quarterback role, your boy Milton did at K.U.

Fred being a poor boy has not figured on going to college this year, but I have been trying to persuade him. I know he would help K.U both in football and basketball though, and he is also an accomplished musician, being both a pianist and a trombonist, and was considered sufficiently expert in musical lines he was assistant to the judges in last year Southwest Kansas musical contest here.

This is the first boy I've recommended to you. Phog. since George McCormick; and this boy is at least as good a prospect in both football and basketball as George was. and a lot better scholar.

If there's anything you and Quigley can do for him, 1'd appreciate it. Kindest

regards, I remain,

Richard A. Hickey.

Dear Mr. Allen:

Mr. Hickey has persuaded me to write to you about attending Kansas University. I realize that I should be in school this fall, but haven't thought much about it until the last few wakes. I would like very much to participate in college athletics as well as attend a good University.

As I would be unable to receive little, if any, financial help from my parents, I would have to make my own way throughout work in order to attend f. U.

I realize it is late but I would appreciate anything that you could do for me or any information that you could give me.
A prompt reply will also be appreciated.

Dear Doc:

I enjoyed my visit at Lincoln very much, and greatly appreciate your interest and friend-liness. It was like "old times" to be present at your basketball meeting.

Our Base here continues to be definitely interested in working out a basketball meeting. As your plans develop, we shall keep in touch with you and try to conclude on basketball dates and arrangements for a trip to Kansas. Should you find it convenient to work us into the program in Kansas City at any time, don't hesitate to count us in. Again thanking you for your splendid cooperation. With best wishes to all, I am

Mr. Ralph E. Hayes, C. Sp., Midshipmen's School, Northwestern University, Chicago 11, Illinois.

Dear Chief:

I was out on commencement speeches when your letter came, and overlooked it until this morning. I am firing the enclosed letter to you in triplicate. You may use it in any way you see fit. I am for you a thousand per cent.

Thanks for your good wishes, and I wish that you might have been here while the battling was on. With you gone, I had to put all my eggs in Chief Mineau's basket, but he carried them well.

We surely miss you around here, I assure you. Give my regards to Don Diehl. I am working on a new Rebounds now and you will break into print.

Be seeing you, Mister.

Sincerely yours,

Director of Physical Education, Varsity Basketball Coach. To Whom It May Concern:

Ralph B. Hayes, Chief Specialist, Midshipmen's School, Northwestern University, Chicago, Illinois. Mr. Hayes came to the University of Kansas as a member of the Navy V-12 staff in August, 1945, and left in October, 1944.

During his time at the University of Kansas it was my pleasure to come in very clost contact with Chief Hayes who conducted, along with other members of the Navy personnel, our physical training program. I found him to be a man of high purpose and excellent character. He has a strong personality, and was loyal to the nth degree. I am happy to recommend him to you without reservation.

Chief Hayes was much beloved by his men, who had a very high regard for him. He was firm in his decisions at all times, and his leadership was unquestioned. Chief Hayes was coach of our varsity boxing squad. In fact, his teaching of the entire Havy personnel in boxing was one of the outstanding parts of our program.

On many occasions I found Chief Hayes an excellent first aid to me in developing my varsity basketball team. We used Navy personnel on our varsity, and Mr. Hayes many times was the cause of much better morele being built on account of the high respect the men had for him and the loyalty he showed to the team. He is a fine influence among men, and I am very happy to write this testimonial in his behalf.

During the time that Mr. Mayes was here he completed my course in Theory and Practice of Athletic Injuries, which I give to trainers and men versed in athletics. He was a serious student and highly interested in his work.

Very sincerely yours,

Mr. Carl Hird, R.F.D. 1, Lawrence, Kansas.

Dear Mr. Hird:

I told you that I would write Mr. McBride, and I am enclosing a carbon copy of the letter I have written him. I do not remember all the details of his comment but thought he would like to know that you could establish the evidence that there are black squirrels. I do not know whether he will have any comment to make on this or not, but I thought it was very interesting.

I want you to know how very much Mrs. Allen and I enjoyed our visit in your home. We also appreciated your letting us have the exceptionally splendid produce that we were able to purchase. I am passing on the information to you that I did not get to play golf, after all. We got home too late, so I called off the golf match, which was an important adjunct in my young life.

It is a wonder that Mrs. Hird ever got her work done, the way I bothered her. I'll bet she thought I valued golf pretty highly in my activities for the day. Well, that is the truth, but that was one day that I had to call it off.

Bobby and Mit were at our home for dinner last evening and we enjoyed the strawberries, chicken and everything to an unusual degree. It made a perfect meal for the large family we had assembled at that time. Please tell Mrs. Hird that in the excitement of counting those eggs we got three and a half dozen instead of four, but she said that she was not sure whether she was counting them correctly. And I know the reason why she made the mistake, because we were talking to her while she was counting them. On our next trip out we will not be in such a hurry and will have more time for a visit, and I promise you I will not have a golf game on. I didn't know that Mrs. Allen was going on a general shopping tour intending to buy out the Hird household. It was a pleasure to be in your lovely home and visit with you nice people.

With all good wishes, I am

Sincerely yours,

Director of Physical Education, Varsity Basketball Coach. Mr. Albert E. Haas, Haas & Wilkerson, Insurance, Carbide & Carbon Bldg., 912 Baltimore Ave., Kansas City, Mo.

Doer Al:

It was not necessary for you to write me regarding Charles Shaeffer, but I am glad that you did. I have known Charlie Shaeffer for many, many years, and with each year coming on I think he is a grander and finer fellow than he was the year before. He has ability, and plenty of it.

But the best part about it is that the University of Kansas seems to be the pinnecle of affection for him, and his desire seems to be to do everything possible for his old due "manuy".

I told Cal Morrow quite some time ago that he could certainly count on me for my support of Charlie. I realize, too, that George Nettels is a candidate, but George certainly in this job, with his busy existence, could not do the job that Charlie has done and doubtless will do. George Nettels was captain of my 1920 football team and I do not have a better friend in the country than he. But I believe Charlie Shaeffer will be a better president of the Alumni Association than my close friend, George Nettels. So you can begin to appreciate how pained I am not to be able to vote for George.

You fellows really organize things, don't you? That Kansas City gang is functioning! Md Tanner and Cal Morrow both wrote me, and when you guys spend nine cents on one fellow I see you are really going all out.

Thanks for writing, and good luck.

Dear Dr. Allen:

You will receive, or have already received, a ballot for the election of new officers for the K. U. Nation-wide Alumni Association.

When you do get this ballot, I want to ask if you won't please take a couple of minutes' time and vote for Charles Shaeffer, who is one of the candidates for President.

Charlie is a worker; he did a marvelous job as both Treasurer and President of the Kansas City Alumni Association over a period of years.

There is a lot to be done at this particular time and Shaeffer has the ability and will take the time to really do it.

Please remember to vote and if you see any of your K. U. friends, ask them to do the same. The very short time it will take to do this will be a material contribution toward getting things accomplished as we all want to see them.

Dear "Phog" and Mrs. Allen:

If you have not already received, from the Alumni Association of the University of Kansas, a ballot for the election of officers for the ensuing year you should have it within a day or two. Both tickets are composed of very fine, loyal Jayhawkers.

The slate proposed by the Committee of which Thornton Cooke is Chairman, is headed by Charles B. Shaeffer as the candidate for President. Charlie is a very good business man and a wonderfully fine fellow. During the next year plans will be made for the erection of a suitable war memorial and the Alumni Association will have a very important part to play in this project. I am sure you agree that it is essential that a level-headed hard worker be President of the Alumni Association during this time.

Those of us who know Charlie Shaeffer recommend him very highly. Personally, I am very strong for him and I hope that as soon as your ballot is received you will mark an "X" opposite his name and return it to the Alumni office.

Dear Phog:

In a short time you will have the opportunity of voting for a new president of the K. U. Alumni Association. I am particularly interested in seeing a Kansas Citian elected, and that will be possible this year because Charles B. Schaeffer, '16, is one of the nominees.

Kansas City has the largest and most active alumni association in the country, and it is, of course, the closest one to Lawrence. This is particularly important this year because much important work must be done to properly chart the course of K. U. in its postwar problems. Kansas City has not had a president for ten years and only two presidents in its entire history.

Charles B. Schaeffer, now Priorities District Manager of the War Production Board, Class of 1916, has always been a tireless and loyal worker for K. U. He will take the time to go to Lawrence whenever necessary and will work tirelessly for the good of the entire alumni body as he always has in the past here in Kansas City for our local association. All of us here in Kansas City would appreciate your support.
