Mr. F. C. Allen  
801 Louisiana Street  
Lawrence, Kansas

Dear Phog:

In a short time you will have the opportunity of voting for a new president of the K. U. Alumni Association. I am particularly interested in seeing a Kansas Citian elected, and that will be possible this year because Charles B. Schaeffer, '16, is one of the nominees.

Kansas City has the largest and most active alumni association in the country, and it is, of course, the closest one to Lawrence. This is particularly important this year because much important work must be done to properly chart the course of K. U. in its postwar problems. Kansas City has not had a president for ten years and only two presidents in its entire history.

Charles B. Schaeffer, now Priorities District Manager of the War Production Board, Class of 1916, has always been a tireless and loyal worker for K. U. He will take the time to go to Lawrence whenever necessary and will work tirelessly for the good of the entire alumni body as he always has in the past here in Kansas City for our local association. All of us here in Kansas City would appreciate your support.

Sincerely yours,

*Edward W. Tanner*
