

UNITED STATES NAVY

In school my average grades
was - C. I graduated from ju-co
with 63 credits. By the way
my home is in D.C. now to my
liking.

well Mr Allen if you could
enlighten me on these points
in the near future I would
appreciate it very much.

Life out here isnt so hot, I
look forward to this being over
and coming back to school. I cant
tell you where I am but its
just about as far out as possible,
for the time being. will close
now, hoping to hear from you
at your earliest convenience. Respectfully
Hoover
