Dr. F. C. Allen  
University of Kansas  
Lawrence, Kansas

Dear Dr. Allen:

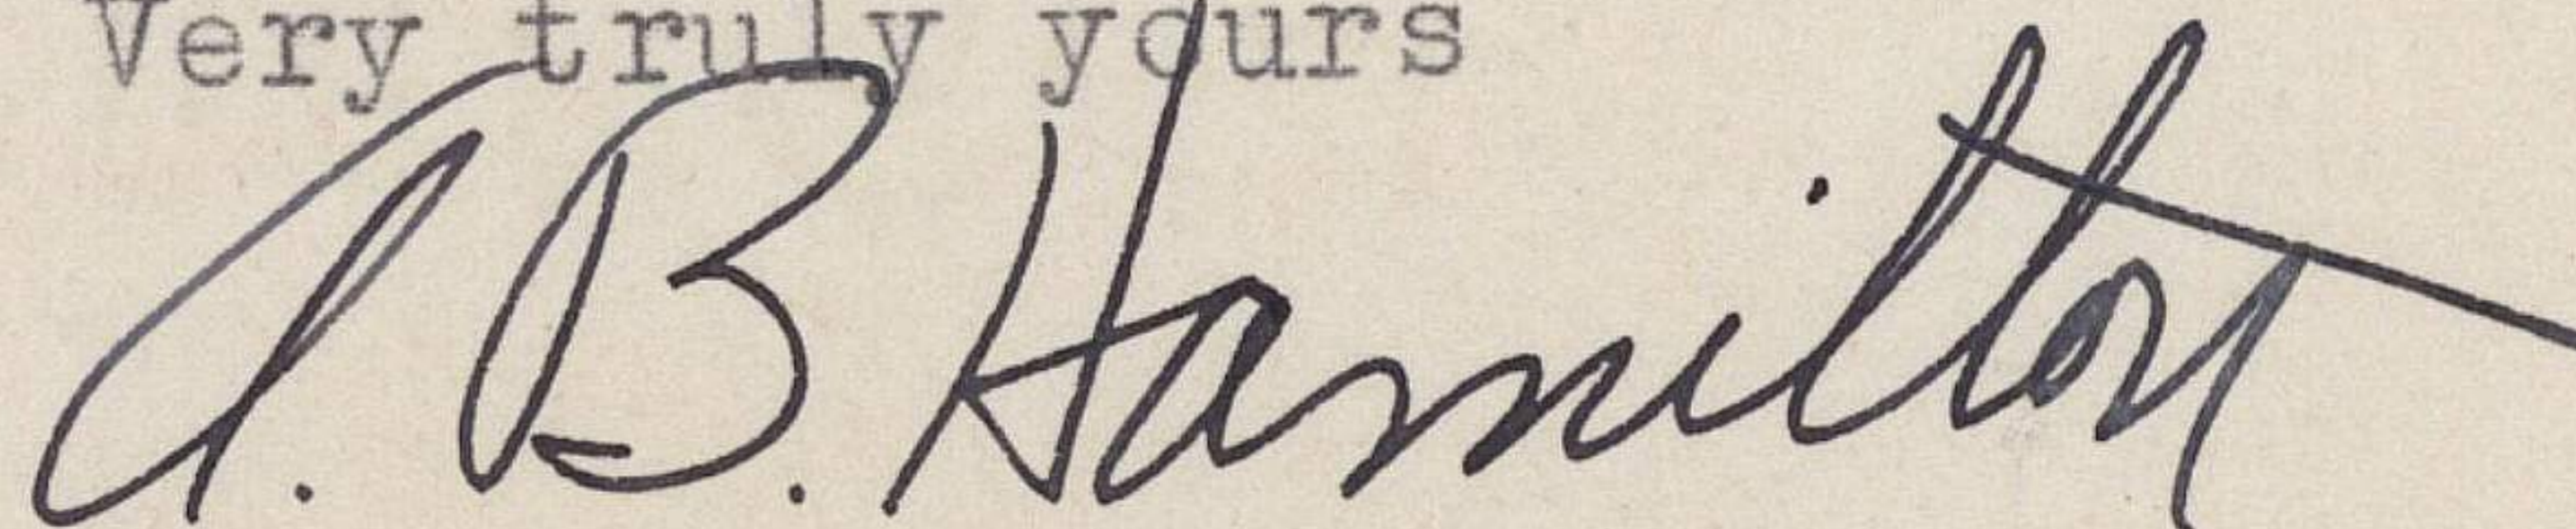

I am attaching a clipping from The Villager, the community newspaper published by the Sunflower Village group.

I thought that the three items relative to the recreational efforts in the village and the program to be held at the University would be of interest to you.

I appreciated the time which you gave to the village group last week and also the additional interest on your part in coming out to the village to go over their recreational work with them.

With very kindest regards, I am

Very truly yours

A. B. Hamilton  
Supt. of Barracks
