Mr. Lacy Haynes,
The Kansas City Star Bureau,
916 North 6th Street,
Kansas City 12, Kansas.

Dear Lacy:

Thank you for writing me in your busy hours. We always remember you, Lacy, as well as we remember that son of yours.

I am glad to get his address. We sent the Jayhawk Rebounds to his old address and doubtless it will follow him. However, this will bring us up to the present for the next Rebounds which will go out this month, we hope.

Confirming my conversation this noon over the phone, I am sending you announcements of the Wartime Recreation Training Institute at the University of Kansas. I would greatly appreciate it if you could have some one in your office write an article for the Sunday Kansas City Star that would circularize many of these high school and community recreation people in our territory who perhaps have not heard of this fine offering. This service program in wartime emergency prompts our doing this in the name of recreation. I certainly will greatly appreciate your kindly cooperation.

With kindest regards to you, Mrs. Haynes, and Mary Jane,

I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dear Phog:

Just a note to thank you for remembering me with the Jayhawk Rebounds. I get a lot of kick out of it. I have sent it on to Lacy Jr., who is on the U.S.S. Proteus in the Pacific, c/o Fleet Post Office, San Francisco, California.

Dear Ed:

Thank you for your friendly note of March 4th.

On August 30, 1941, when Val Lentz wrote me regarding the questionnaire at that time, I wrote him as follows:

"In my opinion the National Basketball Coaches Association leadership at the present time is going to be the means of splitting up the joint Basketball Rules Committee. I think we are having some very poor leadership at present and I do not foresee much good coming out of the things they are trying to put across."

This is my sentiment in regard to a certain eastern block, the nucleus of which resides in the metropolitan area. Neither do I think much of the leadership of the N.C.A.A. tournament, the chairman of which is Harold Olson.

Thank you for sending the notice, and I quite agree with you that I do not deserve nor do I care to subscribe financially to it. In my opinion it is just wasting your time and your money.

With all good wishes to you and Mrs. Hickox, whom I prize as real friends, I am

Sincerely yours,

Director of Physical Education,

NATIONAL ASSOCIATION OF BASKETBALL COACHES
President Kelleher Calls
Conferences and Executive Committee Meetings
March 24-25-26, 1944
Hotel Belvedere
(Across 49th Street from The Garden)

During the National Collegiate A. A. and the finals of the Invitation Tournaments at Madison Square Garden, New York City.

Because of wartime restrictions, we are asked not to hold our annual convention. Instead we are holding our conferences and executive committee meetings as we did in 1943. We urge every member who can make the trip to New York without overburdening transportation facilities to attend and to take part in the discussions. It seems imperative that the coaches, who can, should meet this year bringing with them the thoughts and feelings of their associates in the various areas.

The Rules Committee is having full sessions Monday and Tuesday following our meetings, and we must send to them a full and clear statement of our problems and our suggested solutions. IN PARTICULAR, IT IS IMPERATIVE THAT EVERY OFFICER OF THE ASSOCIATION ATTEND AND EVERY CHAIRMAN OF A COMMITTEE; ALSO EVERY MEMBER WHO HAS HELD OFFICE OR BEEN CHAIRMAN OF A COMMITTEE.

We must plan for the immediate future as well as for this post-war period.

"INFORMATION PLEASE"

At the Hotel Belvedere there will be a "Headquarters" room where you may get information, meet your friends, argue about basketball, and know you are among friends.

At the conferences, reports will be heard from various committee chairmen and from those having special assignments. HERBERT W. READ, representing both the Research and the Rules sections, will make a full report on his questionnaire and will preside over the Rules discussion period. BRUCE DRAKE will present a special report on "goal tenders." ADOLPH RUPP (whose team is in the Invitation Tournament) is Chairman of the Officials' Committee. HAROLD OLSEN (whose team is in the N.C.A.A. Tournament) is Chairman of the Tournament Committee. BILL CHANDLER is Bulletin Editor and should tell us about that "Penalty Box" experiment.

The N.C.A.A. promises to furnish gratis one ticket for Friday and Saturday nights to each member in good standing of the Coaches Association who attends the conferences.

The Invitation Tournament Committee will provide a ticket for the Sunday night finals, but it may not be gratis.

The luncheon Monday is given by Ned Irish and the Writers' Association.

The high school games Saturday afternoon in the Garden will be open to the coaches.

- N.B. a) Hotel accommodations in New York City are crowded. Make your own reservations, and make them early.
b) We need to know whether you plan to come. Check and mail the enclosed postal card immediately.

NATIONAL ASSOCIATION OF BASKETBALL COACHES

THE AGENDA

Friday, March 24

- 2:00 P.M.: Conference of members of the National Basketball Coaches' Association. Reports and discussions.
- 8:00 P.M.: N.C.A.A. Tournament, Eastern Section, first round.

Saturday, March 25

- 10:00 A.M.: Conference; full discussion of rules, problems, and suggestions; H. W. Read presiding.
- 2:30 P.M.: Interscholastic basketball games at the Garden.
- 8:00 P.M.: N.C.A.A. Tournament, Eastern Section, final round.

Sunday, March 26

- 2:00 P.M.: Executive Committee officers, Chairmen of Committees, and former presidents.
- 8:00 P.M.: Invitation tournament finals.

Monday, March 27

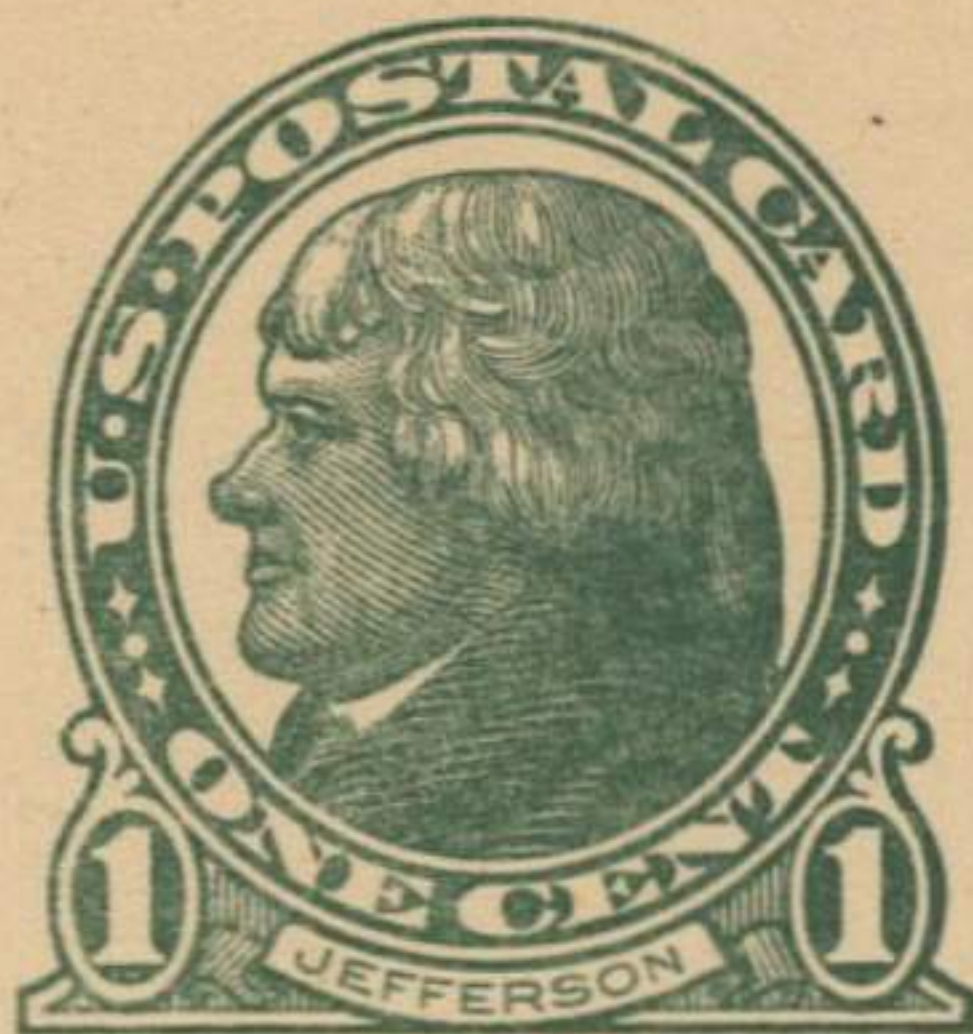

- 1:00 P.M.: Ned Irish invites the coaches as guests to the Writers' luncheon--place to be announced.

Tuesday, March 28

- 8:00 P.M.: N.C.A.A. Tournament Finals, Eastern vs. Western.

The Invitation Tournament dates are March 16, 20, 22, and 26. The games between winners of Invitations and N.C.A.A. Tournaments at the Garden will be played for the Red Cross Fund, Thursday, March 30.

Dear Miss Harper:

Your letter of February 11th is greatly appreciated, I assure you. The Lawrence Rotarians are always happy to do anything within their power to help solve the problem of our teachers' salaries here in Lawrence.

We are proud of our school system, and of course the teachers are responsible for the high standing that Lawrence schools enjoy.

Assuring you of our desire to cooperate in every way possible, I am

Dear Mr. Allen,

Many groups in Lawrence as well as the community itself have much to thank the Rotarians for. Many of our teachers have noted with pride your outstanding contributions to the progress of our town. And now we have a very personal reason to say, "thank you".

As one of the Lawrence teachers, I have a feeling of great gratitude for the resolution adopted by Rotary Wednesday evening, and a feeling of real pride that Lawrence Rotarians have set the pace for further impetus in the direction of boosting for better schools.

Mr. Lacy Haynes,
Kansas City Star Bureau,
Kansas City 12, Kansas.

Dear Lacy:

Got your beautiful Christmas card and I certainly appreciate your thinking of me. Lacy, I am sending you some data that may fatigue you, but some time ago Mrs. Allen asked me why I did this and that; why I ran all over the country; why I took the chairmanship of the Red Cross; why I accepted the presidency of Rotary Club; why I had charge of the war fund and community chest drive on the hill, the President's birthday party, and so forth; and why I went over the country making addresses to the high school football, basketball and other athletic teams.

One night I would be in Emporia and the next night or so in Coffeyville. For a while it was difficult for me to realize why I did it. While she was in California this past fall I sat down and wrote her a letter and incorporated some of the stuff that I am sending you. I thought you might be interested in reading some of this - should I say tripe - but it was rather serious to me.

Since you have been my very good friend in more foul weather than fair, I wanted you to know some of my inner thinkings. For that reason I am sending it to you and hope you will forgive my taking all your time in reading this epistle.

By the way, we are playing a tournament in Kansas City on the 29th and 30th of December with Missouri, Kansas State and Washburn, and as usual we would miss you and Mrs. Haynes tremendously if you are not there.

With all good wishes for a Merry Christmas and a Happy New Year,
I am

Sincerely yours,

Director of Physical Education,

Dear Dr. Allen:

It hardly seems possible that another basketball season is near its beginning. We all realize that there is a bigger game going on but nothing can take basketball from us.

I certainly want to wish you the best of luck in this coming season.

I have followed R. U. closely by paper and am certainly proud of the football they have played. I sure wish I could have seen the Missouri game.

I am now a flight instructor at an Army Primary School here in Blythe. I really like my work and hope I'm doing o.k. Today I had quite a thrill as I soloed

Charlie Black is a cadet out here now. You can imagine our surprise when we saw each other. It's had a good time talking about our old basketball days. Charlie looks fine - I believe he is about ready to solo, also.

I was very glad to receive an announcement of Eleanor's marriage. Many congratulations to her and to you.

The best of luck to you and your team, Dr. Allen - you can't imagine how I would like to see some games.

Hoping that you and Mrs. Allen are in the best of health, I am

I'm one of Uncle Sam's "Salts" for
sure now. Have my ship and

now.

I hope but don't know just when
I will get back to the States but
from the ports we've been and
from what I've seen the United
States is a fine place to live.
May get back in a month or so.

That's one advantage you have
in travelling on a merchant ship.
You see & cover lots of territory
& yet you get back to the
States occasionally.

I guess by now you & Dean
are getting ready for a big school
year. What are the prospects
for Henry's. Sheub's football.

Team.?

Have been looking for a rebound
but can't expect one since I
forgot to notify you my change
of address.

The mail reaches us in pretty
fair style so far. I've heard
from the wife & saw an about
5 occasions so its not so bad
They are fine & the boy is growing
fast. He is going to be a big boy.
He is 8 weeks old + ~~11~~¹² lbs 1 oz
& is 22 inches long by last
reports. He is going to be a 6 footer
& a candidate for your 1964 team.

Well I'll stop all this rambling
and draw this to a close.
Expect to be on the move soon
so must mail this tonight.

Tell Dean hello for me + I
think the cap he sent the boy
was mighty cute. I'll drop
him a line at the next post.

Dear Dr. Allen:

I feel somewhat like a bum for being so slow answering your 'Jayhawk Rebounds'. I enjoy them very much and am always glad to get one in the mail. [Bob Hope said that the boys overseas write their girl friends that a letter from home is like a five minute furlough. Your Rebounds are thirty minute furloughs.,.,

It is good to sit down and read about the big things some of the boys are doing. Some are doing real well for themselves. I wonder if T. P. Hunter has gotten back into the scrimmage yet. He is probably trying hard if he is physically able. And, Knute Kresie is on top as he was on the baseball diamond.]

I believe Mr. Quigley will put zip into the athletics at Kansas. I'm sure he will do a good job and someone should be highly praised for making the choice. He will let the fumble-brain-pee-wee nit-wits know who is running the program!!

[Doc, I'm still here at Great Lakes training Recruits. I had a short cruise on the Atlantic last Winter. Other than that, I've been here all the time.] I have had some good experiences that should aid me in the future, and I'm enjoying the work a lot. There isn't much chance for advancement and stay in this work, but I have chosen to stay in here anyway.. If I can..

I was at Sea last Winter when Fred Pralle was here playing basketball. Cliff Nordstrom said he was as good as ever, especially on defense. I have seen some good football, basketball and baseball. The 'Bums' were here last week and beat Great Lakes.

[I am coaching the Regimental Boat Racing Crew. What I know about it you could put in a small book but we are in second place out of twelve Regiments. It is a lot of fun but takes up all my extra time.] When I do have some time I play at the game of golf. I won a twenty-five dollar War Bond in a Service Men's Tournament last Month with an 86.. I read where you were breaking par occasionally so you are too good for me. I sure like the game. No wonder you are out to the Country Club all the time you can!

I won't wait so long next time. Say hell-o to Dean, Mr. Schenk, Mrs Allen and all the rest. Thanks for including my name on the Rebound list.

(28). April 11th, 1944.

Professor Forrest C. Allen,
Director of Physical Education and
Basket Ball Coach,
University of Kansas,
Lawrence, Kansas.

Dear Professor Allen:-

How goes everything with you and yours back in old Kansas? And how is your basket-ball team doing now?

Am trying to line up a few husky lineman for my friend, "Gus" Dorais of the Detroit "Lions", and so far, have two likely prospects for his 1944 team. But the Armed Forces have played havoc with all athletic lineups and you do not know from day to day whom you have.

Although a life long Democrat, I am hoping for a Republican victory in the presidential election this Fall and my present choice is Governor John W. Bricker of my old home state of Ohio; but Governor Dewey would suit me all right if Bricker does not win the nomination. I was glad to see Wisconsin puds the skids under Mr. Willicke, for that gent has been running interference for Roosevelt since 1940. Personally, I care nothing for "One World" nor Roosevelt's or Willicke's brand of international imperialism.

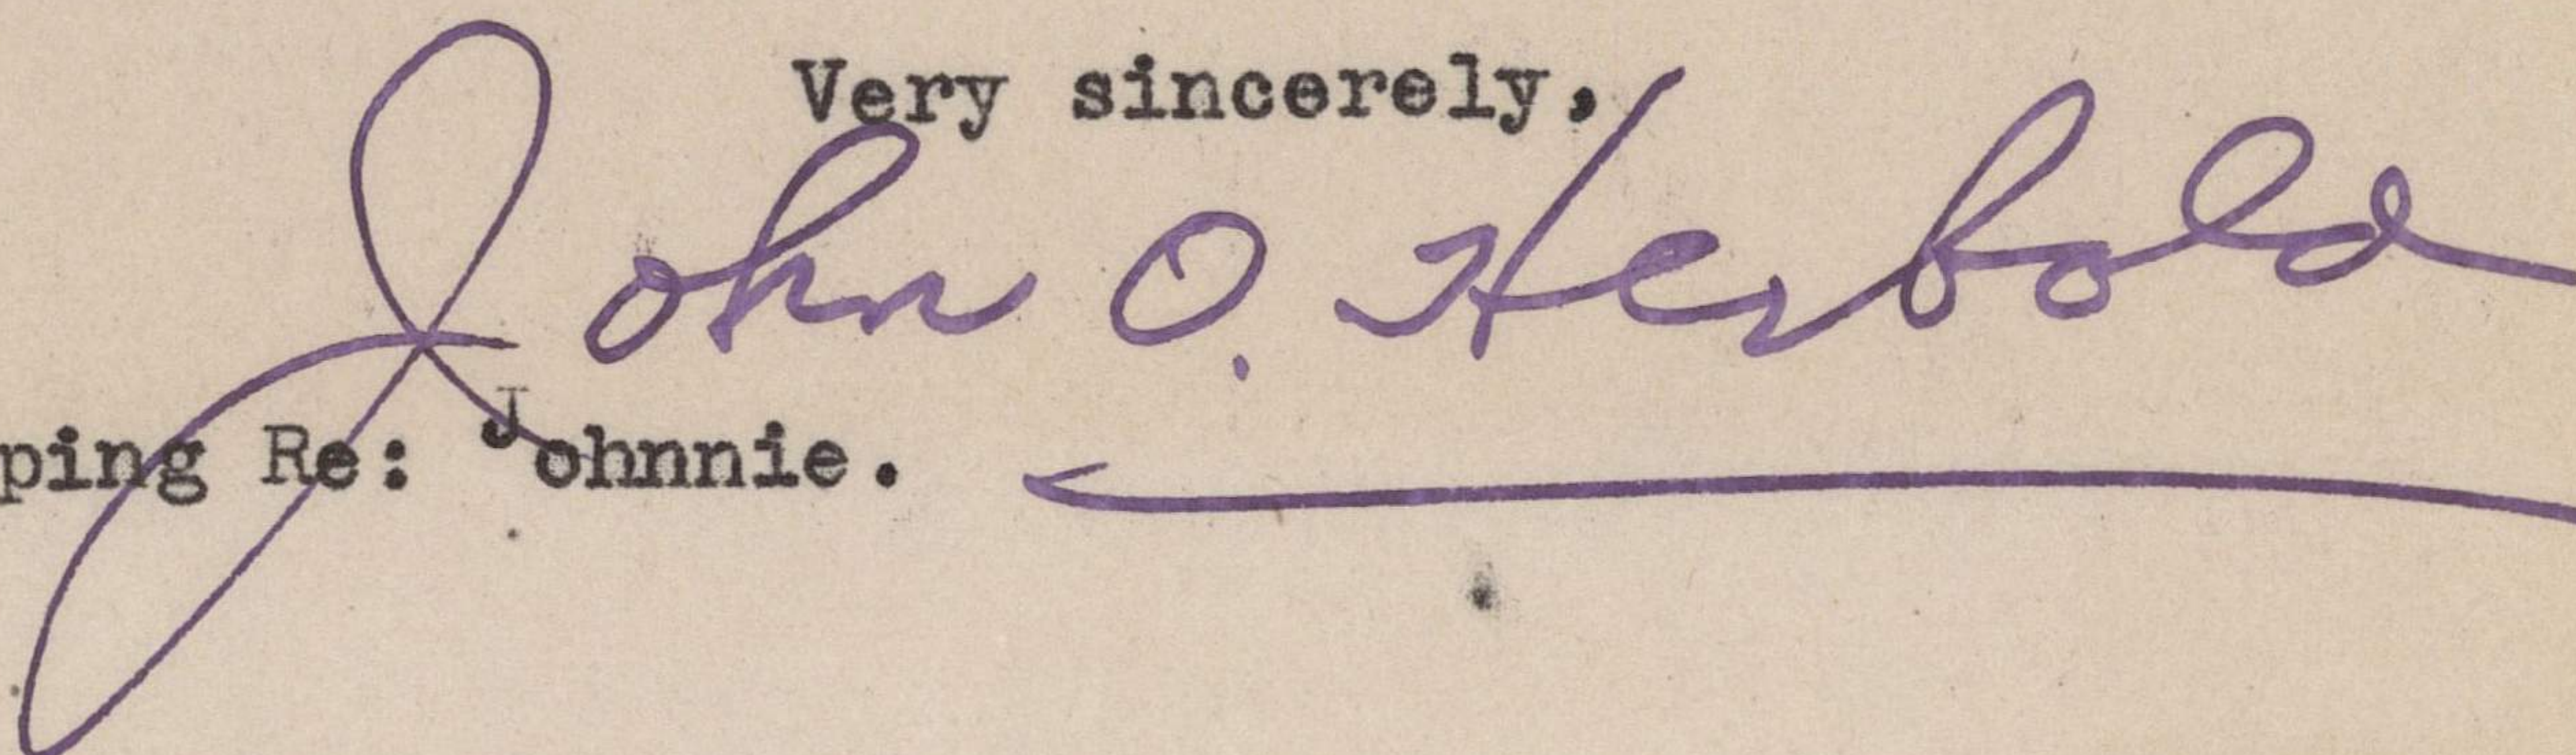

The local Pacific Coast baseball season opened here last Saturday, with the Hollywood "Stars" trimming Seattle; somehow or other, I cannot develop much enthusiasm for this Coast brand of ball and my main attraction is the Cincinnati Reds of the National League.

My two boys are doing nicely in school and both Johnnie and Tony are baseball and football addicts.

Let's hear from you when you get a respite from your arduous duties and best wishes from all the Hollywood Herbold Indians.

JOH/H.

Very sincerely,

Encl. ✓ Clipping Re: Johnnie.

Introducing

JOHN HERBOLD

A Typical Citizen-News Carrier

JOHN HERBOLD is a typical Citizen-News carrier. John delivers the newspaper each afternoon to his customers on Routes 310-349, which include the territory north of Franklin Avenue from Vine Street to Vista Del Mar Avenue.

John has faithfully delivered this territory for the past year and a half, during which time he has made many friends. During the past six months he has not had a single complaint or a missed copy.

In addition to his daily delivery he still has time to deliver Hollywood Advertisers each Thursday morning.

He is a student at Le Conte Junior High School, where he is in the A9 class. He is above average in his school grades and still has ample time to play football and baseball.

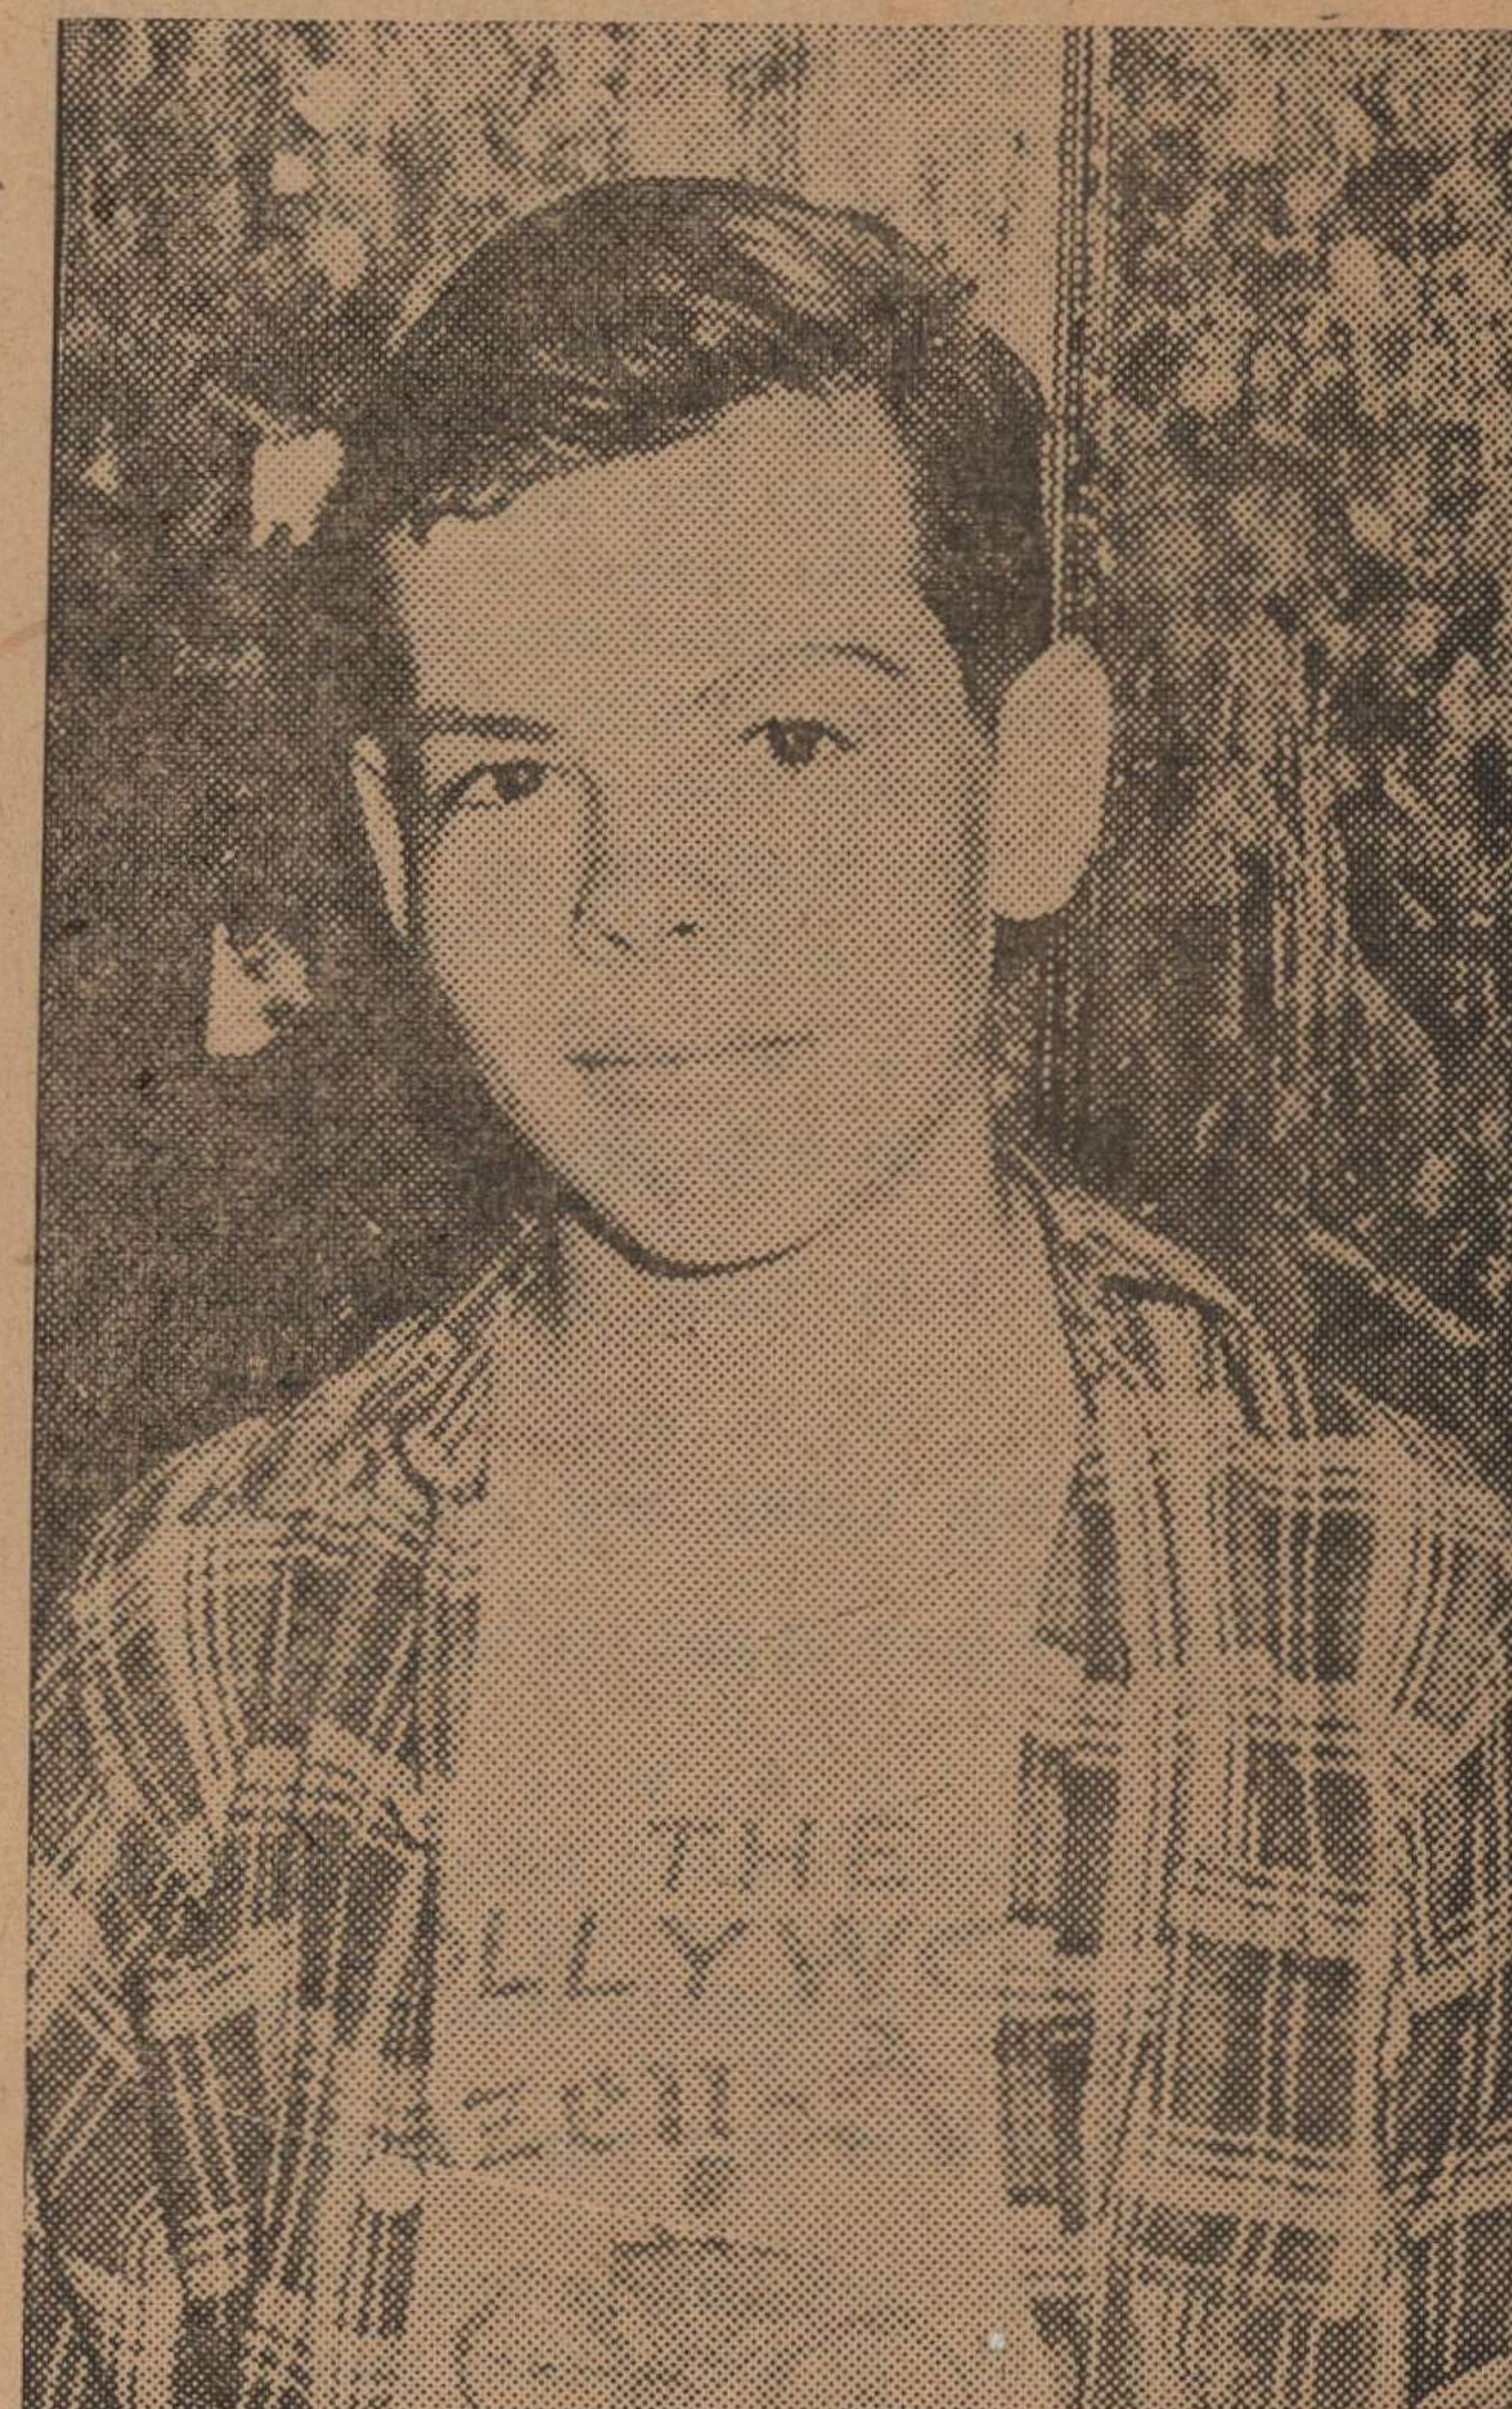

He is saving \$500.00 from his route earnings, which he will have before July. At the moment he can't decide whether to use the money for buying a new car or a horse. John had his own horse a couple of years ago and has been interested ever since in obtaining a new one.

John has sold more than 60 new subscribers to the Citizen-News and his customers really enjoy the newspaper along with his fine delivery service.

He enjoys writing poetry and short stories. Many of his writings have appeared in the school paper, The Ranger. He plans on going to college to study journalism, and we wouldn't be surprised to see him wind up in the Editorial Department of the Citizen-News.

His main entertainment is light opera—especially Gilbert and Sullivan. He enjoys exciting, adventurous motion pictures, but doesn't care for love stories.

John Herbold is typical of the 350 boys delivering the Citizen-News each afternoon. He earns his own spending money and deposits the balance in the bank or purchases War Bonds. He is above average in school grades and still has ample time for participation in sports and educational interests.

**Memo to Citizen-News
Subscribers**

We want you to see a copy of our weekly bulletin for Citizen-News carrier boys. We think that you may be interested in the type of training given to these 350 boys who daily deliver the Citizen-News to your home.

The Citizen-News endeavors to give you good delivery service. To do this we have a group of the finest boys in the city.

Each boy delivering this newspaper is given an opportunity of later working into the newspaper office. New carriers are selected as nearly as possible with this thought in mind.

We are always interested in adding outstanding boys in the community to our list of carriers.

You, our subscribers, know the boys in your neighborhood. Your recommendation of an outstanding boy whom we might interview would be of great assistance to us in maintaining a group of outstanding boys.

We would appreciate your recommendations of those boys in your neighborhood whom you believe would be of the same caliber as our present force of fine young men.

Annual Citizen-News Carriers Picnic Set for Sat., April 8

BASEBALL LEAGUE

The Citizen-News will sponsor a Baseball League this year for those districts wishing to enter a team.

A regular series of games will be played with other districts and the winners will be suitably rewarded.

Talk to the baseball players in your district and to your district manager. Get the best possible team set for action.

Submit your team members and team name to the office so that we can plan the schedule of games to be played.

"Pardon me for walking on your feet."

"Oh, that's o.k. I often walk on them myself."

* * *

Boy: I forgot to ask you to my picnic tomorrow."

Friend: Too late now, I've prayed for a blizzard."

* * *

Mother: "This hurts me more than it does you, Billy."

Billy: "Don't be too severe with yourself, Mamma."

* * *

He: "Honey, can you see what the people at the next table are eating?"

She: "No, but it sounds like celery."

* * *

"Mister, that sure is a sure footed horse you sold me."

"How did you find out so soon?"

"He kicked me in the same place three times."

* * *

"S'funny but a teacher can be easy on the eyes and hard on the pupils."

Baseball Game, Track Events And Plenty of Food Set for Picnic

It isn't just Spring that has gotten all of our carriers out limbering up and seeing how fast they can run. No Sir. . . .

DISTRICT THREE NOTES

Our new location at 5915 Hollywood Blvd. is now a scene of busy boys between 3:00 p.m. and 4:00 p.m. each day. The boys like the centrally-located Branch Office, which is near both Cheremoya and Le Conte. Some boys want more space so they are still checking for larger quarters.

Our new carrier, Eddie Agner, 328, is rapidly whipping into shape by making perfect Advertiser delivery, no complaints and at this writing is top man on collections.

This coming Monday will find Bob Lomax being transferred from 313 to 325 where we are sure he will continue as a Star Carrier.

Jimmy Scovel will leave us for a period until after school vacations when he will return. Thanks to Mrs. Scovel for furnishing us with a fine boy, Charles Wilson, who will replace Jimmy. Hurry back, Jimmy.

It's the annual Citizen-News carriers' picnic and all the boys want to be in form ready for the big event.

Saturday morning, April 8, is set for the big event. And there will be plenty of food and competition to try the best of the boys. And lots of prizes for the winners.

The 50-yard dash for the smaller boys and the 100-yard dash for the big fellows will try out the track stars. The three-legged race will keep the boys tumbling toward the finish line.

The paper boxing contest will give the speediest boxers their chances, while the boys who have been porching their papers will be a cinch for the paper throw for accuracy.

Whenever picnic is mentioned, the first question a boy asks is, "What do we eat?" The Ration Board has agreed that we should feed Citizen-News boys nothing but the best and they think that we can get enough hot dogs to fill you up.

To add to the feast we'll have ample sweets to top off the meal.

A new event this year will be the egg throw, and, of course, with eggs it's a matter of accuracy—not distance. We'll tell you more about this new feature at the picnic.

To avoid the transportation problem we will again divide our picnic into three parks. The Valley boys will meet at North Hollywood Park, while the boys delivering east of Vine Street will go to Griffith Park, and the boys west of Vine Street will go to La Cienega Park.

Plan now on getting your collections out of the way and qualifying for the All Cash Drawing so that you can save SATURDAY, APRIL 8, for just one thing—THE BEST PICNIC YOU HAVE EVER ENJOYED.

All Cash Drawing Ends Saturday, April 8

The All Cash Drawing has just one more week to run. More and more boys are qualifying for the drawing each day and we should have the majority of our boys qualified by next Saturday.

Remember that there are 35 big cash prizes to be awarded to 35 Citizen-News carriers.

It takes only two new subscriptions to have your name dropped in the drawing and to give you your chance for a cash award.

Four new subscriptions will increase the amount of your prize.

You still receive your regular cash commission for each new subscription. These bonuses are in addition to your regular commission.

With school out next week you can spend some of your time calling on non-subscribers and you'll find that it is really worthwhile in a financial sort of way.

First Cannibal: "We've just captured an actor."

Second Cannibal: "Hurray! I was hoping for a good ham sandwich."

* * *

Officer: "Men, in five minutes we are going to retreat to a more strategic position."

Rookie: "Can I start now? I'm a little lame."

A CITIZEN-NEWS ROUTE TEACHES BUSINESS TRAINING

The Citizen-News is proud of its 350 young business men who daily deliver the paper to our subscribers. You young men are a vital part of the newspaper, and unless your delivery of the paper is properly made, all the work put into publishing the newspaper is wasted.

In doing this vital newspaper work you are gaining an education that only a newspaper route can give you.

Valuable education gained from a Citizen-News route that will greatly aid you in later positions you acquire include:

1. Learning to meet the public courteously and the use of tact and diplomacy in successfully carrying on your business.
2. Learning business methods which you will need and appreciate in later years.
3. Learning how to sell, to give service and to collect effectively.
4. Learning the value of money and receiving the thrill of earning your own spending money.
5. Learning how to work with other boys as a team in order to gain maximum success.
6. Learning how to be prompt in all of your daily activity and learning dependability and reliability.
