Dear Dr. Allen:

Thank you for inviting us over last Saturday. We had postponed our meeting until that date so we were unable to come.

We had about sixty people here and hope we did justice to the problems involved. At least there seemed to be a great deal of interest. Personally, however, I feel the program will fall short of its goal in many places due to lack of "teeth" in the whole effort. As a State we are still a long way from "home base". On the other hand we have come a long way.

We would be glad to hear of your meeting if you have time.

Lots of luck with your ball team.

Dear Phog:

How are things looking in basketball? I'll bet you have a fine season as usual, eh coach? I see by the paper that football is about as usual at Kansas. I am planning to come to Chicago to see yours game.

I finally have a job I have been working for years to get. Am now a personnel manager for a really big concern. We are putting out about a million dollars worth of machine tools a month now. I may have the opportunity to coach their basketball team. Have any ideas, Phog? ? How about some of your "Stratified Transitional Zone" material, the kind you tell your adoring public about? I remember how you used to describe their bewildered look when you used a simple stratified transitional zone defence.

Am enclosing a clipping of the "Grand Old Man and yours truly.

Cordially yours,

Supervisor of Physical Education,
Kansas City, Kansas.

Dear Shirley:

In order to get the benefit of the stimulation we received at the Regional Institute of Physical Fitness Programs at Lincoln, Nebraska, on November 19 - 21, I want to intite you and any of your people to attend our conference here at the University of Kansas on Saturday, December 12th.

Chancellor Malott will speak, and also Lieut. Buhl, of the Naval Training School, and Captain Smith, of the R.O.T.C. In addition, we will have demonstrations by our Physical Education leaders' corps.

We will be indeed happy if you can make arrangements to attend.

Cordially yours,

FCA:AH

Mr. Carl Igel,
Superintendent of Schools,
Garnett, Kansas.

Dear Mr. Igel:

I received today a carbon copy of the letter Mr. M. A. Callahan wrote you on December 8th concerning the Physical Fitness Institute. He suggested that since the snow storm prevented our holding the Institute at Garnett last Saturday perhaps we could arrange the program for January 9th. It will be impossible for our people to go to Garnett on that date.

However, in order to get the benefit of the stimulation received at the Regional Institute at Lincoln, Nebraska, on November 19 - 21, I want to invite you and any of your people in the vicinity of Garnett to attend our conference here at the University of Kansas on Saturday, December 12th. We will be very happy if any of them can make arrangements to attend.

Chancellor Deane W. Malott, Lieut. Buhl, of the Naval Training School, and Captain Smith, of the R.O.T.C., will speak, and we will have demonstrations by our Physical Education leaders' corps.

Sincerely yours,

Dear Mr. Igel:

I am wondering if you were able to hold the Physical Fitness Institute which was scheduled for December 5. Owing to the snow storm it was impossible to conduct some of these institutes. Therefore, I would like to know if you went ahead with the institute as scheduled. If not, would it be possible to conduct the institute under the same plans and set-up on Saturday, January 9. May I hear from you by return mail?

Mr. Forrest C. Allen, Basketball Coach

Dear Mr. Allen:

Kindly accept our hearty thanks for your cooperation in serving on the All-America Basketball Board that is selecting the 1942 College All-Stars that play in basketball's annual Classic at the Chicago Stadium on November 27th.

Originally the members of the Board placed in nomination 233 candidates. On the second ballot only 64 secured a hundred or more points.

These 64 are being submitted in the list today. Eighteen of them will represent the colleges of the nation in the third annual Classic.

How well the All-America Board does its job is best evidenced by the fact that the annual All-Star Classic in 1940 saw the College All-Stars win 44 to 42 in an over-time thriller, and last year the College All-Stars again won by the margin of one basket - 35 to 33.

It would certainly give us great pleasure if you find it possible to be present in Chicago for the Classic; and in the event you are going to be able to attend, kindly advise me; so that I may put aside choice tickets for you and your party.

Sincerely,

Harry D. Wilson

Dear Mr. Honeywell:

Thank you for your inquiry of November 12th. I have written a text, entitled "Better Basketball", which I believe would be very helpful to you. I had the high school coach especially in mind when I wrote the book. I am enclosing some descriptive material which will give you an idea of its contents.

"Better Basketball" is fully illustrated with diagrams and photographs, and has much of interest to both coach and player.

The book is sold at most leading athletic goods firms. The price is $4.00. If you should desire an autographed copy I will be very happy to mail it to you postpaid upon receipt of your check or money order for $4.00.

Very sincerely yours,

Last evening about 9 o'clock I was deluged with boys wanting service at the towel room so they could check out their clothes and equipment to play basketball in the gym. They waited around from 8:45 until 9:20, when I was able to locate some basketballs for them to use.

I learned this morning that you were supposed to be on duty at the towel room on Tuesday night, and I wish you would stop in the office and explain to me your reason for not being on the job.

Dear Lacy:

Thanks a million! Your letter was swell, and you have already done loads and loads of constructive work for us.

Everybody seems to think that our conditioning program is going over swell. The Chancellor was in the office yesterday morning and told us that he thought we were doing a swell job. I really believe he thinks so.

I wanted to write you a longer letter but this is just a thank you note and I will make it up to you real soon - the next time I see you, which I hope won't be long.

Thanks a lot for your letter. The first time I get a natural opportunity, which I will try to create or help to create, I will talk to those folks you speak of. I believe conditions have a lot to do with the way such things are handled.

Lacy, Jr., lives at the George Washington Inn, Washington, D. C. A letter addressed to him there would reach him, and I know he will be tickled to get schedules and information about the Campus. He certainly hated to leave, but he hated worse to stay at home; and I believe he was right.

Mr. Lacy Haynes, Jr.,
George Washington Inn,
Washington, D. C.

Dear Lacy:

Hi, there, Lacy, boy, how are you doing? We are up to our ears in this physical conditioning program, having over 1800 men when we really thought we would have 1200 to 1400.

I am sending you a copy of our basketball schedule, together with a copy of a letter that we wrote to our boys. John Buescher was deferred in the draft - 4F - on account of having some spots on his lungs that were too many and too large. These came to him in childhood but they keep him from getting into the service, so he will be back with us. You knew that we are playing in New York on December 28 and I hope that you can get up to see the game.

Clint Kanaga had dinner with Bob and Eleanor last Saturday night in Philadelphia. Doubtless you have seen him in Washington. He will be here on a leave in the next couple of weeks.

I wish I could write you a longer letter, but the basketball letter will give you the dope on the boys, and when we have a breathing spell we will drop you another line.

I have seen your mother, dad and Mary Jane, and just answered a good letter from your swell dad who has certainly been a friend of the Allen clan. In fact, I don't know of any of the Haynes family but what have treated us swell indeed. Here's wishing you lots of good luck, Lacy. Let me hear from you occasionally.

Dear George:

Glad to get a post card from gouldier in the moonlight. You are pretty brave to send a card like that to my office where you know your wife will read it! But maybe Texas is such a wide open state that this is a photograph of somebody else.

Your admonition asking that I not place too many duties on your wife is a rather difficult one. She just assumes them, so about the only thing that I can do is just leave the office and when I am not around I believe the work lessens somewhat although it has been very arduous since we took over. Anyhow, I will promise to get as much help as we can, hoping that it will relieve some of the tensions around here. I believe things are getting a little better organized now with some of the mad rush out of the way.

I imagine that you did not get to see the Kansas game when they played at Fort Worth last Saturday. Maybe you don't want to claim allegiance after the score. But I am sure the boys did their level best and they will improve, we all hope. I am enclosing a football and basketball schedule so that you can follow our games.

Drop us a line occasionally and let us know how you are getting along.

Lots of good luck to you, George.
