Mr. Marshall Hulett,
1540 Louisiana St.,
Lawrence, Kansas.

Dear Marshall:

Last evening about 9 o'clock I was deluged with boys wanting service at the towel room so they could check out their clothes and equipment to play basketball in the gym. They waited around from 8:45 until 9:20, when I was able to locate some basketballs for them to use.

I learned this morning that you were supposed to be on duty at the towel room on Tuesday night, and I wish you would stop in the office and explain to me your reason for not being on the job.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
