Dear George:

Glad to get a post card from you soldier in the moonlight. You are pretty brave to send a card like that to my office where you know your wife will read it! But maybe Texas is such a wide open state that this is a photograph of somebody else.

Your admonition asking that I not place too many duties on your wife is a rather difficult one. She just assumes them, so about the only thing that I can do is just leave the office and when I am not around I believe the work lessens somewhat although it has been very arduous since we took over. Anyhow, I will promise to get as much help as we can, hoping that it will relieve some of the tensions around here. I believe things are getting a little better organized now with some of the mad rush out of the way.

I imagine that you did not get to see the Kansas game when they played at Fort Worth last Saturday. Maybe you don't want to claim allegiance after the score. But I am sure the boys did their level best and they will improve, we all hope. I am enclosing a football and basketball schedule so that you can follow our games.

Drop us a line occasionally and let us know how you are getting along.

Lots of good luck to you, George.

Very sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
