

January 11, 1943.

To Whom It May Concern:

Marshall Hulett, who is employed by the Department of Physical Education, worked in the towel room in the gymnasium during the 10:30 hour on December 22. Mr. Hulett stayed during this hour because other employees went home for Christmas vacation, and there was no one else to serve the physical conditioning classes.

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
