Dear "Doc"

I have intended writing since you & the team were in N.Y. but I have been pretty busy so I have put it off till now.

It was really a thrill to see the good old team win. I have talked about Kansas and their basketball teams in all "Bull Sessions" so winning helped me prove my point that they are the Best.

Besides seeing the game, it was a real pleasure to see you & some of your family along with Sean, Ray, Short, & Bobby.

Seeing old friends when you have been away from home for a year means a lot.

Thanking you for the game and also the hockey game, I am

Your friend
John Harsig
