Mr. Forest C. Allen,
K.U. Athletic office,
Lawrence, Kan.

Dear "Phog":

First, let me congratulate you on your successful Eastern trip. Now I'm picking the Jayhawkers to win the Big Six. I find some opposition to that thought, too. But I really believe it.

Now another matter. Wish you would have your publicity department inform us on all your games whether the games are to be broadcast. I have half a dozen queries about the Oklahoma game in Norman this week. It is a service we like to give our readers when we can, but unless we are able to get the information from the schools we are helpless. Just now Alf Landon stopped at my desk to say that was a fault with the sport pages. I agree. So I am appealing to the schools to see that we get that information.

That applies to both home and away games.

I would appreciate it if you would ask your publicity department to keep us informed on that.

With kindest personal regards, I am,

Very truly yours,

Carlos E. Hobbs
