

It has been particularly gratifying to me to be your son and I want you to know that many times in the business world, you have been an inspiration to me and have been a precept for me in my business relationships with my associates and customers in playing the game square, and with sportsmanship, win or lose.

This letter would not be complete if I did not mention Mimi and her help and inspiration, which has been her offering to your success. It has been said, behind every successful man stands a woman whose contribution cannot be overlooked or discounted.

Here's wishing you many more successful years as have been the past twenty five.

Cordially yours,

*Pete*
