Dear Miss Halsey:

I must confess that I don't know in what connection you wrote me regarding the appearance of Mrs. McCloskey on the Friday evening program. If I am a member of some committee in the Central District I fail to find a record of it in my files, and I do not recall accepting any such appointment. Will you please enlighten me?

I know you won't misunderstand me when I say that you and Bill Greim are two of the old war-horses in our profession. You always do a good job.

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.
