Dear "Fog":

I am writing you this morning concerning a boy by the name of Robert Siddons who is enrolling this year at the University of Kansas for two reasons: first, courses in engineering which we do not have, and second, because of family connections. I want to recommend him to you as one of the outstanding high school basketball players in the state.

I never had a chance to see him perform, but from all reports he is above average in all-around ability and will make a high class student at any institution. Anything that you may be able to do for him will certainly be appreciated as I consider him a very fine friend and also his family. I am sure that when you get to know him you will like him.

Best of luck for the coming season, and kindest personal regards.

Very truly yours,

*Carl B. Hoy*
