Dr. Forest C. Allen
University of Kansas
Lawrence, Kansas

Dear Dr. Allen:

I don't know if you have been doing any lecturing since the last time our office secured some engagements for you. I believe there might be some interest again before men's groups and before some of the colleges.

Would you like to let me have your reaction to the suggestion? It wouldn't be a lot of trouble for either of us if we would see what could be done.

I haven't seen Mit for some time. As a matter of fact, I guess the last time was when he was over at my house a year ago Christmas Eve. Seems to me Tom Van Cleve told me he was at Law School.

Thought you might be interested in one of the circulars which was gotten out ten or twelve years ago.

Sincerely yours,

Bryan R. Horner
