Mr. Charles Hassig, Druggist
10th & Central Streets
Kansas City, Kansas

Dear Mr. Hassig:

Last Sunday morning upon our return to Lawrence from Columbia, Missouri, we stopped at the Harvey House for our breakfast and while there talked with Mr. L.H. Dennis. He stated that you had taken pictures of the Kansas-Southern California game last year and he told me how much he enjoyed them.

I know that it is against your policy to loan films, but I was wondering, since the University has projectors and experts handling them, if you would be kind enough to let us show the boys the film. The boys who played in that game would be especially happy to see the pictures.

If it is not too much trouble I would be glad to hear from you regarding the loaning of these films. Please feel entirely free to refuse our request because if I were in your place I doubt if I would let them out at all.

Thanking you for your consideration, I am,

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
