

January 13, 1941

Mr. T.P. Hunter
Mr. Bob Johnson

Dear T.P. and Bob:

All day Saturday Miss Stapleton endeavored to get me over the phone and last Sunday night she finally got hold of me to tell me that you two boys were supposed to make a trip to Kansas City for your practice teaching tour.

Dean informs me that both of you somehow missed your assignments, thereby missing the boat. This looks very bad for you and by the reverse ratio it looks bad for me. It looks as if perhaps someone might have encouraged you two not to go to Kansas City on account of the game tonight; of course, such is not the case.

Therefore, we are not expecting you to go to the hotel for rest. You may rest at home and if you desire to dress it will be entirely satisfactory with me.

Very cordially yours,

Director of Physical Education and Recreation
Varsity Basketball Coach

Mr. Albert E. Haas
912 Baltimore Avenue
Kansas City, Missouri

Dear Albert:

Thank you for your good letter as of the 19th instant, also, your carbon copy sent to Ralph Dugan.

I can understand the situation regarding the teacher who was hired from Marysville. Love does wonders, doesn't it? I was also glad to know about Jamesport, Missouri. I haven't been back and unless I hurry, I'm afraid I'll never find the place.

When I see you, we'll have a good chat regarding our previous stomping ground.

Thank you again for doing all you could in helping Red Dugan. Give our mutual friend, Red Ettinger my very best regards and tell him I'm counting on him for the best that he's got in him.

Sincerely,

Director of Physical Education and
Recreation-Varsity Basketball and
Baseball Coach.

Lawrence, Kansas

Dear Dr. Allen:

You certainly owe me no apology for not writing me further with respect to the coaching job at Stanberry. I know how busy you are, and I received a note from Mr. Dugan.

I am going to Stanberry this week-end and will see what the score is.

It was interesting to note your remarks about Missouri. I knew you were a Missourian, but didn't know you were born in Jamesport. My grandfather had a store there for many years, and I have been there many, many times. The place is almost a ghost town now however.

With kindest personal regards, I am

Very truly yours,

Albert E. Haas

Mr. Mike Hyduke
Athletic Director and Basketball Coach
Brainerd High School
Brainerd, Minnesota

Dear Mr. Hyduke:

Mr. Jim Raport of our Physical Education Department stated to me that you had difficulty in learning how to work through a man-to-man defense in a small gymnasium. So that I can serve you to the best of my ability, I wonder if you will write me regarding your difficulties and I will be glad to answer your letter quite promptly.

I believe there is something in the text Better Basketball that might help you, but if you have not been able to find it I can show you the plays that I think will work.

The Raports had a great time at camp and Jim speaks very highly of you.

I will be glad to comply with your request after I receive your letter.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach

Mr. Frank Harwi, Jr.
Vehicle Department
Kansas State Highway Commission
Topeka, Kansas

Dear Frank:

I have just talked to Earl Falkenstien and I am sending you a chart of the stadium. The student seats begin on the 50-yard line on the west side and run north. The seats for the faculty and other people are on the 50-yard line on the west side and run south.

I have asked Mr. Falkenstien to designate where available tickets can be had at the present time. The check marks on the enclosed chart will tell. On the east side, Mr. Falkenstien can give you seats on the 50-yard line.

I spoke to Mr. Falkenstien about your inquiry regarding tickets, and if you will write him and send in your order according to the directions on the back of the football schedule enclosed, he will be glad to fix you up. If I were you I would take care of this matter at once.

I am also enclosing several copies of our basketball schedule. This is an early printing and not so pretentious as the football schedule, but it will get the job done and give you the information.

With all good wishes, I am,

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach

Dr. F. C. Allen
University of Kansas
Lawrence, Kansas

Dear Dr. Allen:

Last spring, through your assistance, I was able to secure excellent seats for the Kansas basketball games, so I am writing at this time to ask your assistance in securing tickets for the Kansas-Nebraska game at Lawrence, October 19th.

However, before making any definite reservations I would like some information, as I am no longer acquainted with the seating arrangements in the stadium. I would like to know the location of the reserved section and the location and price of the other sections.

Upon receipt of this information from you I shall send by return mail my request for the best seats available in a section, accompanied by a money order to cover cost of same.

Trusting I will hear from you immediately, and thanking you for this and past favors, I remain

Yours very truly

Mr. Murle M. Hayden, Superintendent
Lincoln City Schools
Lincoln, Kansas

Dear Mr. Hayden:

I am happy to know that you are pleased with your control of athletes foot. I am also glad to know that Onox foot toughening mats have helped you considerably.

What did you pay for the Onox foot mats, and from whom did you purchase them? We had a young man who showed them to us here, but I do not believe they were used.

I would be glad to pass on the beneficial effects of the mats if you consider them quite satisfactory.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach

Dr. Forrest C. Allen,
University of Kansas,
Lawrence, Kansas.

Dear Dr. Allen:

In March 1938 I wrote you from Beverly, Kansas about the control of athletes foot in our school. You went to considerable trouble to outline a plan for us to follow. We took your advice about toughing the feet and keeping the floor painted. The results were gratifying. Last year we tried out the Onox foot toughening mats and athletes foot was wiped out. We were not bothered with a single blister and several of our boys, for the first time in years, were free from obnoxious foot odors.

I secured your letter from Beverly and submitted it to the Board here; they have decided to work out the same plan.

Again I wish to express my thanks for your thoughtful consideration in 1938.

MMH/el

Yours truly,

Murle M. Hayden

October 19, 1940

Mr. W.G. "Thistle" Hendrickson
Superintendent, Dickens Public Schools
Dickens, Nebraska

Dear Superintendent Hendrickson:

In going through some old mail I discovered your letter dated April 23, 1940. You will recall that I had the National Collegiate Basketball Tournament to handle in Kansas City, both the Western and the Finals, and our team happened to be in it, so with the rush of things and the close of school, your letter became lost in the file. I owe you an apology, but the best way to face the situation is to be utterly frank.

Answering your inquiry in which you ask information on athletic training, I beg to state that I am offering a course this fall on that subject, and I will offer a three-hour course next summer session.

If, at this late date, you are still interested, and will care to write me, I will be very happy to give your letter immediate attention.

With all good wishes, I am,

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach

Dr. Phog Allen
Head B.B. Coach
Kansas University
Lawrence, Kansas

Dear Sir:

I am writing for some information concerning athletic training and would like to know if any classes are offered in that field at K.U. If not what are the chances of getting in your athletic department to learn about the care and treatment of injuries? Also, what are the opportunities in the field of work?

I have been active in athletics for a number of years and have had several years coaching experience but the training appeals to me more than the direct coaching.

I would appreciate any information that you can give me on this line of work.

Sincerely,

W.G. "Thistle" Hendrickson

Dr. Forrest Allen
University of Kansas
Lawrence, Kansas

Dear Dr. Allen:

I was very pleased to hear from you and appreciate your interest in my problems given to you by Jim Raport. I am sorry that I could not reply sooner because of my football duties.

Jim and I had a great time at camp and cannot say enough which would cover Jim's fine personality. It was the zone defense which I had in mind when I spoke to Jim, but he apparently thought it was a man to man defense. We, here in our league, play many zone defenses on small courts. They have used many different types against us but the one that bothers us most is where they freeze three men under the basket. We haven't been a long shooting team and as a result they have tried to stop our setups which has forced us somewhat to shoot angle and corner shots.

I have both of your books which have been very helpful to me and will review your latest on what you have written on the zone.

If you should have anything special concerning my problem here I would appreciate a tip.

Lincoln City Schools

MURLE M. HAYDEN, SUPERINTENDENT

Lincoln, Kansas

October 17, 1940

Dr. Forrest C. Allen,
Department of Physical Education,
University of Kansas,
Lawrence, Kansas.

Dear Dr. Allen:

At Beverly last year we purchased two of the large 16"x20" mats @ \$6.50 each and five gallons of onox @ \$3.33 per gallon. We bought this material in late October and Mr. Mase (now Principal) at Beverly) mentioned last week that he was running low. We have ordered ten gallons of onox and one large mat (16"x20") for the boys and two small (6½"x12½") one for our girls and one for our Junior High boys.

We bought this material from Onox, Inc. 121 Second Street, San Francisco, California. Mr. Alex Hyde, formerly of Wichita, Kansas is one of the officers in the concern.

I have enclosed their guarantee and one of their circulars.

It is not my intention to try to pull for this product nor to knock others, but for nearly ten years I looked for something that would help keep our boys and girls feet in good condition. I was trying to find it when I wrote you two years ago. Onox toughened our boys feet, eliminated blisters, and completely wiped out athlete's foot. Virgil Loy, a senior at Beverly this year, has been bothered with a very obnoxious foot odor for years. He told me last spring that the odor disappeared in less than a week after he started stepping on the mats.

JOEL N. MARTIN, SR. HIGH PRINCIPAL
C. V. GLAZE, JR. HIGH PRINCIPAL
JOHN C. SAUERWEIN, GRADE PRINCIPAL

EDW. HAMILTON, DIRECTOR
A. A. ANDERSON, CLERK
DR. T. L. PHILBRICK, TREASURER

Lincoln City Schools

MURLE M. HAYDEN, SUPERINTENDENT

Lincoln, Kansas

Mr. Mase has been using the treatment this fall and I believe that he is even more enthusiastic than I am about the results obtained.

Onox may be made from a very common chemical that sells for a low price, but it does a good job and I am willing to pay the price until I find something that is just as good for less. The members of both the Beverly and Lincoln Boards have felt the same way about it.

MMH/el

Yours truly,

Murle M. Hayden

MAKES

ATHLETE'S FOOT PREVENTION
SIMPLE AND EASY

WIND AND WEATHER
TOUGHEN EXPOSED,
HEALTHY SKIN SO
THAT ATHLETE'S
FOOT FUNGI DO NOT
GROW IN IT.

NON-POISONOUS,
SKIN TOUGHENING
WITH ONOX FOL-
LWS NATURE'S
LEAD.

OUTSTANDING RESULTS ARE REPORTED BY THOUSANDS OF USERS IN 43 STATES AND HAWAII.
Write us for customers reports in your part of the country. Onox, Inc., 121 Second St., San Francisco.

ATHLETE'S FOOT CONTROL

*"Yes, Watson, fungi are everywhere.
They are mother nature's scavengers."*

THIS DISEASE results from growth of microscopic plants in devitalized skin. These plants are called fungi. The problem is therefore one of controlling vegetable growth.

WEARING SHOES causes athlete's foot, says U. S. Public Health Service bulletin (R-674). Shoes soften and devitalize the skin thus providing the soil necessary for the growth of the "omnipresent" fungi. Heat, moisture, and lack of ventilation are ideal conditions for fungus growth.

GOING BAREFOOT would keep the skin tough and free from athlete's foot as Nature intended it should be. Air conditioned skin, like sunbaked soil, is too tough for growth of plants.

IN THE PAST remedies aimed solely at killing the fungi. But with fungi everywhere—"even in the air"—the futility of this approach is apparent. "NEARLY EVERYONE USING A SHOWER WITH COMMON DRESSING ROOM GETS THE INFECTION ON HIS FEET," says the bulletin.

Dr. Loren W. Shaffer of Detroit, writing in the Journal of the Michigan State Medical Society, calls fungus killing "a will-o'-the-wisp endeavor," then makes this significant statement:

"Any effective control must depend upon rendering the skin as soil unsuitable to the growth of fungi."

Isn't that Nature's own way? Exposure to the elements toughens the skin, making it unsuitable for plant life.

NON-POISONOUS SKIN TOUGHENING WITH ONOX FOLLOWS THAT LEAD — IT HELPS TO COUNTERACT THE SOFTENING EFFECTS OF WEARING SHOES AND TO KEEP THE SKIN NEAR BAREFOOT FIRMNESS, TOO TOUGH FOR FUNGUS GROWTH.

All disagreeable features of old methods are gone. Onox is odorless yet eliminates foot odors. It does not stain nor injure fabrics. It keeps its strength indefinitely. Evaporation merely concentrates the solution.

ATTRACTIVE SPONGE RUBBER FOOT-MATS DISPLACE THE COLD, SMELLY, DISINFECTANT TUBS. BATHERS WELCOME ONOX MATS AND COOPERATE IN THEIR USE.

A 60-Day Test Will Convince You. You Must Be Satisfied in Every Way or You Pay Nothing.

WHAT USERS SAY

In answer to Service Inquiry,

"IS ONOX SATISFACTORY IN EVERY WAY AND ALL O.K.?"
