Mr. T.P. Hunter
Mr. Bob Johnson

Dear T.P. and Bob:

All day Saturday Miss Stapleton endeavored to get me over the phone and last Sunday night she finally got hold of me to tell me that you two boys were supposed to make a trip to Kansas City for your practice teaching tour.

Dean informs me that both of you somehow missed your assignments, thereby missing the boat. This looks very bad for you and by the reverse ratio it looks bad for me. It looks as if perhaps someone might have encouraged you two not to go to Kansas City on account of the game tonight; of course, such is not the case.

Therefore, we are not expecting you to go to the hotel for rest. You may rest at home and if you desire to dress it will be entirely satisfactory with me.

Very cordially yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
