

October 5, 1940

Mr. Mike Hyduke  
Athletic Director and Basketball Coach  
*Brainerd High School*  
Brainerd, Minnesota

Dear Mr. Hyduke:

Mr. Jim Raport of our Physical Education Department stated to me that you had difficulty in learning how to work through a man-to-man defense in a small gymnasium. So that I can serve you to the best of my ability, I wonder if you will write me regarding your difficulties and I will be glad to answer your letter quite promptly.

I believe there is something in the text Better Basketball that might help you, but if you have not been able to find it I can show you the plays that I think will work.

The Raports had a great time at camp and Jim speaks very highly of you.

I will be glad to comply with your request after I receive your letter.

Sincerely yours,

Director of Physical Education and Recreation  
Varsity Basketball Coach
