

The Pueblo Junior College

CHARLES HAINES, PH. D., PRESIDENT

Pueblo, Colorado

June 16, 1941

Director of Physical Education for Men,
University of Kansas,
Lawrence, Kansas.

Dear Sir:

We are seeking a competent man to handle the physical education classes for freshman and sophomore men (13 hours a week) and to coach extra-curricular sports, including football, basketball, and track. He will have the title, Director of Physical Education for Men.

If we can find a man whose qualifications are outstanding, we shall probably offer him an opening salary of \$2000.00 for the academic year of nine months. It is especially important that he be strong in football and basketball.

Do you know someone whom you can recommend for the position? The appointment will probably be made early in July.

Very truly yours,

Charles Haines.
