Dear Doc,

In reply to your letter, I find that this small college game is but a part of the general "all-star" game, with which you said you were familiar.

I would like all of the votes which you can possibly get for me, that is if I can, & may, call upon you for such aid. Votes are due in July, and may be sent to either the Kansas City Star, or the Chicago Tribune. Since this means so much to me, I am counting on you rather heavily.

In regard to your question as to whether I am the K. U. Jack Hall or the W. U. Jack Hall, I am both. I am naturally prouder of the association with K. U., but it is due to my being in a small college & my being a participant in last December's all-star charity game in Kansas City, between Mo. & Kansas "all-stars" that I was placed on this fall. In this case I think joint-publicity is warranted.

Sincerely yours,  
Jack Hall
