Dear Doc:

I know what you must think of me for leaving without seeing you. But under the circumstances I just couldn't get in touch with you.

I have a job here in Wichita with an accounting firm, with a wonderful chance of working into something. The ~~the~~ head of the company likes me & he needed a man now very badly. By working now I can set myself up with a job in my off seasons and also if I don't make a go at baseball, a permanent job.
