

Dr. L. L. Boughton,
Cramer Chemical Co.,
Gardner, Kansas.

Dear Dr. Boughton:

Do you have a disinfectant that we can use with our basketball kneepads when we pack them away for the summer? They are, as you know, sheepskin. They have been washed and are ready to put away with the exception of a disinfectant or insecticide.

Sincerely yours,

FCA:AH

Director of Physical Education,
Varsity Basketball Coach.
