Dear Doctor Allen:

I have just completed reading your letter of July first. I would have answered sooner, but I just returned yesterday from driving a family to Washington D.C.

I was in to see Mr. Tom Van Cleave, Jr. before I left. He was not in his office. However, I have talked with Supt. Schagle, he referred me to Mr. Merle Henry. Mr. Henry, stated that I could not expect to get into this system without two years experience, and then too, I should have a master's degree. I have made application with the Southern Teacher's Agency, Chattanooga, Tenn. Nothing has come of it. This just about sums up my activity to date, except that I am preparing to send applications directly to some institutions, hoping that something will come of it.

I do not know what additional help you could give at the present time. You have done so much to help me already, and I am gratefully appreciative. However, I will advise you as to any progress I might make. Thanking you again for your extended efforts in my behalf, I remain

Sincerely Yours,

Chester Hynes
