Mr. Phog C. Allen  
University of Kansas  
Lawrence, Kansas

Dear Mr. Allen:

The Hutchinson Chamber of Commerce is glad for the opportunity to act as host at a recognition party at the Bisonte, Monday, March 25, 6:30 p. m., for the Basketball Teams of Reno County, who won in their respective classes --

The Junior College having won the State Championship:

The High School, Champions of the Arkansas Valley League; Champions of the Class A Regional Tournament at Newton:

The Buhler High School, Champions of the Class B Regional Tournament at Newton; winners of the Class B Championship, State Tournament at Hutchinson:

Pretty Prairie, Champions of the Class B Regional Tournament at Pratt:

Nickerson, Co-Champions of the Mid-Continent League; Champions of the Class B Regional Tournament at Chase.

In addition to the above, attendance at this dinner will be made up of basketball fans of this community.

Naturally, with the outstanding success of the Reno County Teams, we were anxious that an outstanding speaker be secured for this party, and were most happy when informed by Red Burt that you accepted the invitation to act as speaker.

The program will consist of the introduction of the coaches and players on the different teams, which will be handled by the Master of Ceremonies, music during the dinner by the Junior College Orchestra. Subject will be Basketball, and as to the time -- that is up to you, as you will be the only speaker.

-2- Mr. Phog C. Allen, March 18, 1940

Not knowing what your plans are for the night, we have made reservations at the Bisonte Hotel. However, if you have other plans, this can be changed.

Hoping your team comes through as winner in Kansas City, and awaiting the pleasure of having you with us on March 25, we are

Most sincerely,

HUTCHINSON CHAMBER OF COMMERCE

BY

Bert Snyder, Secretary-Manager.

BS:J

Lawrence, Kansas  
March 24, 1940

Mr. Bert Snyder,  
Secretary, Chamber of Commerce,  
Hutchinson, Kansas.

Dear Mr. Snyder:

I have been so busy that I have failed to acknowledge receipt of your letter of the 18th giving me the list of high schools as well as the junior colleges that will be represented at your banquet. I note that the recognition party is at the Bisonte on Monday, March 25, at 6:30 p.m. I will drive out, and since I have such a heavy program I will be forced to return the same evening by motor car.

I thought it would be well if we could have some of our K. U. boys at the dinner. Therefore, I have asked John Kline, of Hutchinson, who is on our varsity basketball team, as well as Bruce Veran, one of our varsity men from Pretty Prairie, to accompany me to the dinner. I also asked Charles Walker, Hutch Walker's son, but he feels that he must get back to his studies on Monday to make up some of his back work, because he is carrying such a full load.

The state does not make provision for travel expenses; therefore, it will be necessary for me to make the usual charge for driving a private car.

Thanking you for your good wishes and the hope that we would do well in Kansas City, I am

Very cordially yours,

FCA:H

Manager, N.C.A.A. Basketball Tournament.

Lawrence, Kans.  
March 27, 1940

Mr. George M. Husser,  
Manager, Better Business Bureau,  
Kansas City, Mo.

Dear George:

I will be very glad to advise the Municipal Auditorium Manager that it will be perfectly all right for you to exchange your balcony seats for seats on the arena floor.

Thank you for your congratulatory.

Sincerely yours,

Manager, N. C. A. A. Basketball Tournament.

KANSAS CITY, MO.

March 25, 1940

Mr. F. C. Allen  
University of Kansas  
Lawrence, Kansas

My dear Phog:

Just tried to buy reserved loge or box tickets for next Saturday's game, and found they were all taken. The box office at the Municipal Auditorium told me you might possibly authorize seats on the arena floor, and if so, wonder if it would be too much trouble for you to let them know so that I might exchange my balcony tickets for seats on the arena floor.

It has been a number of years since I've had the opportunity of meeting you. I believe since the old "Y" days, and after my coming to the Bureau, I addressed the Lawrence Chamber of Commerce, and was introduced by you.

Under separate cover, I'm sending you a copy of my little book, "Rackets That Get Your Money", which I hope will prove of interest to you.

We are all very proud of K.U., and most happy that you won out last Saturday over the Trojans.

Would certainly appreciate your help in getting me seats on the floor for next Saturday night's game.

Sincerely yours,

*George*  
Manager.

# "Rackets That Get Your Money"

By George M. Husser, Manager, Better Business Bureau, Kansas City, Mo.

"Rackets That Get Your Money" contains 20 absorbing chapters on present-day swindle schemes, and the fraud-fighting work done by governmental and independent agencies. Written by the manager of the Kansas City Better Business Bureau, who has had more than 20 years' experience in Bureau work. Following is a partial list of the subject matter covered.

1. FRAUD'S BILLION DOLLAR TRIBUTE. Losses on securities. How to tell gambles, swindles and investments.
2. GILT EDGES THAT TARNISH. Whiskey receipts, cemetery lots, unreal estate, "free" lots, and bonds.
3. SELLING WHITE ELEPHANTS. Partnerships, tipsters, stuffed flats and mail-order divorces.
4. BOOTLEGGING SINCE REPEAL. Stolen labels, gasoline running, tax evasions, and jerry building.
5. THE CONFIDENCE SWINDLES. Spanish "prisoners," heir schemes, macing, short change, and bad checks.
6. YELLOW, BLACK, AND PHONY GOLD. Gold mining promotions, oil royalties and wildcatting.
7. HOME WORK AND NO PAY. Addressing envelopes, raising frogs and mushrooms, and working puzzle schemes.
8. UNSURE INSURANCE. "Pass the hat" societies, trick insurance policies, and fake accident racket.
9. THE MRS. CAN BE FOOLED. Magazine fakers, "free" encyclopedias, door knocking and the Green River law.
10. TALENT FOR TRICKERY. Literary bureaus, song writing schemes, and motion picture opportunities.

11. SCHOOLING IN FRAUD. Information for would-be aviators, civil service jobs, questionable correspondence schools.
12. "YOU'RE GONNA BE ALL RIGHT." Medical quackery, patent nostrums, testimonials, and diploma mills.
13. 'TIS FOLLY TO BE FOOLED. Fortune tellers, mind readers, astrologers, clairvoyants, and their "con" games.
14. THE DYNAMITE IN LOTTERIES. Gambling in business, stimulation schemes, endless chains, and Bank Night.
15. PLAGUE SPOTS OF USURY. High-rate money lenders, small loan law, Shylock on a chain of office scale.
16. MEMBERSHIP PROMOTIONS. The Mantle Club, Plenocrats, taxpayers leagues, and matrimonial insurance.
17. MOOCHERS AND WILDCATS. Chiseling in charity's name, nobility hoax, and travel bureaus.
18. TRADE STIMULATION SCHEMES. Coupon books, Goodwin plan, premiums, and the suit club racket.
19. THE SOUL OF COMPETITION. How business and advertising serve the public.
20. THE BETTER BUSINESS BUREAU. Promoting fair play in business through self-regulation; Truth in Advertising movement.

## — USE COUPON BELOW —

Send 25 cents in coin or stamps to the Better Business Bureau of Kansas City and the book will be mailed to you postpaid. Net proceeds from sales made by the Bureau go into the Bureau's fund.

The book contains about 60,000 words—as much material as goes into the average full-size book. In order that "Rackets That Get Your Money" could be distributed inexpensively, it is printed in the form of the popular digest magazines. It has 128 pages, paper bound, size: 5½ by 8½ inches. Tear off the coupon below and send your order today.

SEND ME A COPY OF "RACKETS THAT GET YOUR MONEY"

BETTER BUSINESS BUREAU,  
602 Lathrop Building,  
Kansas City, Missouri

Enclosed find 25 cents (in coin or stamps). Please send me postpaid a copy of the 128-page, paper-bound book, "RACKETS THAT GET YOUR MONEY."

(ORW)

# Why Do Americans

## Toss Out \$7,000,000

### a Day on Worthless Securities? . . .

Walter Winchell once asked that question, and the columnist's figures are about right, for reliable estimates place the annual fraud tax in the United States at \$70 per family.

It is doubted if anyone can completely explain why we fall for "con" games of all kinds, and buy phony stocks and fake merchandise. But the important thing is for the would-be sucker to know how these rackets work, so they can be recognized.

The new book, "Rackets That Get Your Money," describes most of the current schemes which clever fakers have devised to gyp the American people.

Swindlers, selling everything from phony gold mining stocks to dangerous patent medicines, prey on all classes of people — from the biggest big business man to the least pretentious housewife.

They have illegal lottery games to sell candy to children and crooked "insurance" outfits to collect premiums from elderly men and women.

These and many other rackets are exposed in "Rackets That Get Your Money." The methods of confidence men and the fraudulent selling practices in vogue with the swindling fraternity today—all are graphically described.

*At one time or another—and probably more than once—all of us are suckers for some type of fraud. We permit ourselves to be duped despite the vigilance of law-enforcement officials and independent fraud-fighting agencies. Our best protection is to recognize a swindle scheme when it is attempted on us. That is where the information in "Rackets That Get Your Money" should be worth many times its cost to readers.*

Obtainable at book stores, or send 25 cents in coin or stamps to the Better Business Bureau, 602 Lathrop Bldg., Kansas City, Mo. The 128-page, paper bound book will be mailed postpaid.

# "RACKETS THAT GET YOUR MONEY"

By GEORGE M. HUSSER

## Kansas City's Part In 2-Billion Racket

**RACKETS THAT GET YOUR MONEY**, by George M. Husser, manager of the Kansas City Better Business Bureau. (A handbook on frauds on a gullible public, published by Haldeman-Julius, Girard, Kas.)

MR. HUSSER starts his discussion of rackets with the statement that the American people annually contribute some 2 billion dollars to those who make a business of "fleecing the suckers." This annual tribute of about \$70 a family is more than the average wage earner pays in both federal and state income taxes, and in the aggregate is more than the annual loss from forgeries, credit losses, burglaries and petty larceny thefts, according to the author.

In twenty chapters Mr. Husser describes in detail all types of fraudulent schemes that have come to his attention in twenty-two years as head of the Kansas City Better Business Bureau. He shows the method of approach of the swindlers, the similarity of the schemes to legitimate business and the highly colored visions of profit held out to the victims. The gullibility of women is given attention in the description of the many rackets used to extract money from them, but the men are just as "easy," the author shows.

"Rackets That Get Your Money" is paper-backed, published inexpensively, the author desiring to make it available to as many persons as possible in order to reduce the field of the fraudulent operators. Copies have been placed in the hands of every teacher in the Kansas City school system, not only as a protection to them in their investments, but as educational material.

Dr. Forrest C. Allen, Director  
Department of Physical Education,  
University of Kansas,  
Lawrence, Kansas.

Dear "Phog" :-

Heartiest congratulations to you and your boys on the victory over Southern California last Saturday night. With every wish that you can do the same to Indiana this week-end.

I have listened to a lot of games over the Radio but that one just about was too much for my blood pressure, especially in the last few minutes.

If you don't happen to come out on top next Saturday, you will still have a strong Booster in Downs, Kansas.

I know how busy you are at this time but do want to take time to tell you that Max Kissell is still the best bet out in this section of the State for a future star at any good School in basketball. He is rangy, smart, modest, willing to learn, and has plenty of drive and is plenty clever to eventually be a headliner in fast Company. I believe he favors K U and know you have heard plenty about him from his Dad but he is almost as good as Emmett says he is and not a bit spoiled by the constant publicity his father has sent out about him. Added to the above he is a mighty fine chap in every respect and a good student.

Sincerely Yours,

*W. J. Harrison.*

FIELD HOUSES, STADIA, INDOOR TENNIS COURTS

AIRPORTS

March 28, 1940

Dear *Dr. Allen*:

It occurs to me that you may be interested in knowing the ideal orientation for outdoor tennis courts in your location, for the various popular playing hours during the year. This information may be useful to you not only in determining for what period or periods of play your existing courts may be best suited by their orientation, but also in determining how best to orient any new courts which may be added to your recreation equipment in the future.

The various ideal orientations for the usual hours of play for your location in *Lawrence* are:

Summer Afternoons: N 70° E

Winter Afternoons: N — E

Summer Mornings: N 48° W

Winter Mornings: N — W

Each of these represents the ideal bearing of the net line of the court for the corresponding playing hours.

The figures written in above have been read directly from a pair of maps which have been recently completed in my office, showing the ideal orientation of outdoor tennis courts in the United States—for summer afternoons and summer mornings throughout the whole country, and for winter afternoons and winter mornings as well in the southern states and the west coast area. These maps have been devised by astronomical calculations in the same way as the football and baseball orientation maps published previously and reproduced in the booklet illustrating some of the work of my office on the design of facilities for recreation.

I hope to publish the tennis maps in a book which I am preparing on "Tennis Courts—Their Design, Construction and Maintenance", but this publication is still in the future, and meanwhile I hope you may be interested in the above information. If you know of anyone planning new tennis courts who might like to have similar information please let me know.

Faithfully yours,

*Gavin Hadden*

WESTERN ILLINOIS STATE TEACHERS COLLEGE

W. P. MORGAN, PRESIDENT  
MACOMB, ILLINOIS

Department of Health and Physical Education

April 1, 1940

Phog Allen  
Basketball Coach  
Kansas University  
Manhattan, Kansas

My dear Phog:

I didn't see very much of you at the meetings because you were very busy preparing your boys for the National Championship and, naturally, that was first in your mind.

I want to say that your men did an excellent job against the University of Indiana; and if Indiana had been playing its usual game, you would have had a good chance to lick them but they were hot. In fact, I don't think I ever saw a team any hotter than they were that night.

It must have been a great thrill for you to have your son playing, not for a state title but for a national title; and then when the national title slipped through your fingers, he still was selected on the All-American Basketball Team of the United States. As far as I know, this is the first time in history that a son of a coach has made the All-American Basketball Team; and it is still another feather in your cap because the son of a coach coached by the father to a place of national recognition.

You also deserve a lot of credit in arranging this basketball meet at Kansas City because without your help it would never had been the classic that it was.

Congratulations on a fine team. It was as good as any team in the United States with one exception and that was Indiana on this particular night when they were hot and your fellows were not as warm as usual. I shall never forget my trip to Kansas City which, by the way, was the first time that I was ever in Kansas City.

Sincerely yours,

Director of Athletics

RH:RM

P. S.--Clarence Schultz of the Commonwealth Amusement Company of Kansas City, Missouri happens to come from Lester Prairie, Minnesota. I had quite a visit with him and he tells me that he has had several business dealings with you in the picture game. Incidentally, Mr. Schultz is just a country boy who started out with a hobby and then made good with it.

April 11, 1940.

A. S. Aloe and Company,  
Kansas City, Mo.

Dear Sirs:

I find great merit in the athletic injury machine invented by Mr. James Hight. It is particularly adaptable to high schools where a diathermy machine is not available. It is fool-proof so far as injury to the patient is concerned.

I have visited Mr. Hight in his laboratory and have had him use the apparatus on me. I personally find it very satisfactory in the treatment of injuries, and I am happy to recommend its use.

Very sincerely yours,

FCA:AH
