Mr. Forrest C. Allen
Director of Physical Education
University of Kansas
Lawrence, Kansas

Dear Phog:

From our records I do not see how I could give you any statistics of any real value on the per capita cost of our physical education program. We intermix our athletic funds and physical education funds so much that it would be impossible to give you anything that came close to being accurate. I am very sorry.

With best wishes, I remain

Sincerely yours,

G. F. Veenker
Director of Athletics
