Mr. Forrest E. Hewitt,

201 Madon Hall,
University of Michigan,
Ann Arbor, Michigan.

Dear Forrest:

I am sending you a copy of the letter that I wrote to the Bureau of Appointments at the University of Michigan.

I do think, however, that you could have given me some points regarding your background and experience that would have been helpful to me in writing a more fulsome letter. I presume that you thought I knew all about it and could go on my own as far as this is concerned. Well, I can, but when you write for recommendations I would suggest that you outline all the things you wish stressed so that the fellow writing can be more helpful to you.

With all good wishes, I am

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
