Dear Mr. Hampton:

Dr. Allen has referred your letter of February 26th to this office for reply in regard to tickets for the game Friday night.

We do not have any reserved seat tickets left, having sold the last of those on February 15th.

We have a few general admission tickets left in the top balcony that sell for .40 each, and I am putting away four of these for you.

In case you do not want these tickets, will you please advise so that we can release them for sale, as we will be entirely out of tickets before Friday and can easily sell them if you do not want them.

Very sincerely yours,

E. L. Falkenstien,
