Mr. Lawrence Hughes,
Box 667,
Orange, Texas.

Dear Larry:

It was good of you to write me nearly a month ago, but from my reply it looks like I didn't appreciate it. However, such is not the case. I have been out of town much of late on commencement addresses and other matters, and have not kept up with my correspondence as I should.

These boys, of course, are eligible in the Big Six Conference, since transfers can play here. I am wondering if these boys would get any help from home. If they would have to have all of their expenses, - board, tuition, room, and so forth - I am afraid the drain would be a little heavy as our conference does not go "big time" for football as strongly as does the Southwest. Won't you write me and let me know what the financial situation is for these two boys? Write me at your early convenience and I will promise to do much better in reply.

Larry, It was good to hear from you. Pete is in command of the R.O.T.C. at Stanford University. His address is Major H.B. Allen, Stanford University, California. The college has a post-office on the campus. He is married and has one child.

I have not forgotten the time when I saw you over at Orange just for a short while. You haven't changed any and you are the same old Larry. I would like to have a few hours to sit down and talk over old times, and I know Pete would cherish the opportunity even more than I if such a thing were possible.

It is nice of you to take your time to write me about these boys and I assure you that I appreciate the interest in the boys and in us. If you ever see Lutch Stark give him my regards. I remember visiting with him a number of times at the home of Theo Belmont who was then athletic director when I was visiting in Austin. Lutch was over there and we had some fine visits together. He is a grand fellow.
