Mr. Roy Hogben,

Kansas City, Mo.

Dear Mr. Hogben:

It was mighty good of you to send us your well-wishing wire from Warrensburg, Missouri. We wish Bill might have been with us. I know that he would have helped. But one year is a short time when we consider a life time, so we will be counting on Bill next year.

Six words describe it best - they couldn't miss, we couldn't hit. All of the boys saw your wire, and we all appreciated it very much. We are sorry we couldn't win for you.

Cordially yours,

FCA:AH

Dear Vic:

It was swell of you, Vic, to think of us at 6:10 p.m. and send us the wire which was delivered at Brewer field-house just prior to the game. I read your wire to the boys and all of them saw it. Each and every one of them appreciated your thoughtfulness and your loyalty as well as your fine intelligent support. Our gang needed this inspiration at that moment. Six words describe it best -- they couldn't miss, we couldn't hit.

I am sorry that I didn't get to see you in Lawrence. I thought every day that I would get a chance to see you, and then after you called me from the hotel I called back as soon as I got home for supper, but they informed me that you had checked out. I imagine that you decided we had too much snow, and that you had gone home to do some work that you could conveniently do while the snow was covering Mount Oread.

I am anxious to see you and have a good visit with you, and we are counting on the days when you and your good family will be located here in Lawrence and we will again have a chance to visit with the fine family that you have. I have always been very fond of you and your family, Vic, and I am sincerely hoping that our friendship will ripen more fully than it has heretofore.

With all good wishes, I am

Very sincerely yours,

Dear Mr. Holliday:

At a meeting of our church neighborhood group last Monday night it was agreed that each member would write some other member of the church and ask if they would make a special effort to attend the church services next Sunday morning, February 12, at 10:50 a.m.

This is to be a general celebration day at the church, and I am happy to write you hoping that it will be possible for you and your family to attend this very important service. I don't see you often, but perhaps this might be a good place for us to renew old acquaintance.

With all good wishes, I am

If you will do this kindness for me before the best tickets are exhausted I will appreciate it, and then I will make the necessary settlement when I arrive Monday.

It was good to have a visit with you. I enjoyed the meeting very much.

Dear Mr. Allen:

The members of my basket ball squad and I wish to thank you for your kindness in securing the seats for the Oklahoma game. Eighteen of us thoroughly enjoyed the game and the boys learned a lot about the game.

We were so sorry about the Missouri game and wish you success next time.

Our boys won second in the District Tournament at Eskridge last week and we are entered in the Regional at Ottawa this week.

Thanks again.

Dear Brutus:

I regret that I was out of town when your letter of the 23rd ultimo came regarding Miss Laura Titus, vice president of your student body. However, Mrs. Allen and Jane did have an opportunity to meet Miss Titus and have a visit with her. They were very much impressed with her personality and her leadership.

I was out on the coast for the N.C.A.A. regional tournament which was held at Treasure Island March 20-21. I arrived on the Union Pacific on the morning of the 20th, went to the Whitcomb Hotel to meet John Bunn who had been in bed, and from there we went over to Treasure Island to get the place ready for the game. I left early the morning of the 22nd and came back to a meeting here of our budget committee, and then went on to Chicago for the coaches' meeting and the play-off. Then to St. Louis for some research and then to Sioux City for the Central District meeting of the Physical Education Association. From Sioux City I went directly to San Francisco for the meeting there on April 3-6 of the American Association for Health, Physical Education and Recreation. After that I immediately left for home.

I had hoped to call you up or get over to see you, but I noticed where your team was on the way south to meet U.S.C., and the time I was there before you were up north. I did get over to Stanford to say hello to my brother, Pete, who is a major in the R.O.T.C. there. And I had a short visit with Jane's roommate, Sally Arnold - just a five-minute greeting, but Jane was quite anxious that I say hello to her. She finished at Stanford last year.

My kindest regards to you, Rowena and Jean. It would have been a great pleasure to have seen you.

With all good wishes, I am

Very sincerely yours,

Director of Physical Education,

Dear Coach Hamilton:

In the absence of Dr. Allen I am taking the liberty of acknowledging your letter of March 23 concerning Miss Laura Titus.

Dr. Allen has been in Chicago this week, and from there is going to Sioux City, Iowa, for the Central District Physical Education meeting. Then from Sioux City he plans to go on to San Francisco to attend the convention of the American Association for Health, Physical Education and Recreation. I expect him back at the office about the 10th of April.

I have called Mrs. Allen about Miss Titus, and she will be very happy to get in touch with her while the Independent Students' Association meets here. As soon as the delegates have registered I will find out where Miss Titus will be staying, and either Mrs. Allen or I will contact her at once.

Dr. Allen will be glad to see your letter when he returns to the office.

Dear Mr. Helmer:

Permit me to apologize for not answering your letter of March 31 sooner. It got down in my file of correspondence and I failed to extricate it until just now previous to my starting to New York for the Rules Committee meeting.

Yes, we have a film called "Basketball Fundamentals, made by the Eastman Kodak Company. It sells for \$48.00, but you can rent it from the Extension Division of the University of Kansas for a very small sum. If you will write to Mr. Fred S. Montgomery, of this department, he will be glad to give you all the information you desire about renting the film.

There is also a movie-talkie shot a couple of years ago, using the Phillips "66" team and six basketball coaches of the country demonstrating their various methods. Chuck Taylor of the Converse Rubber Company, is in charge of this film. I saw it a few months ago and it has become so badly worn that it sounds as if the coaches had lost their voices.

This film of Eastman's is a wonderful film, fine for classroom teaching.

Thank you very much for your kind remarks. It will be a pleasure to cooperate with you in every way possible.

Sincerely yours,

Dear Bobby:

I was very happy to have your letter of the 13th instant, and I assure you nothing would give the Allens more pleasure than to see you return to Lawrence.

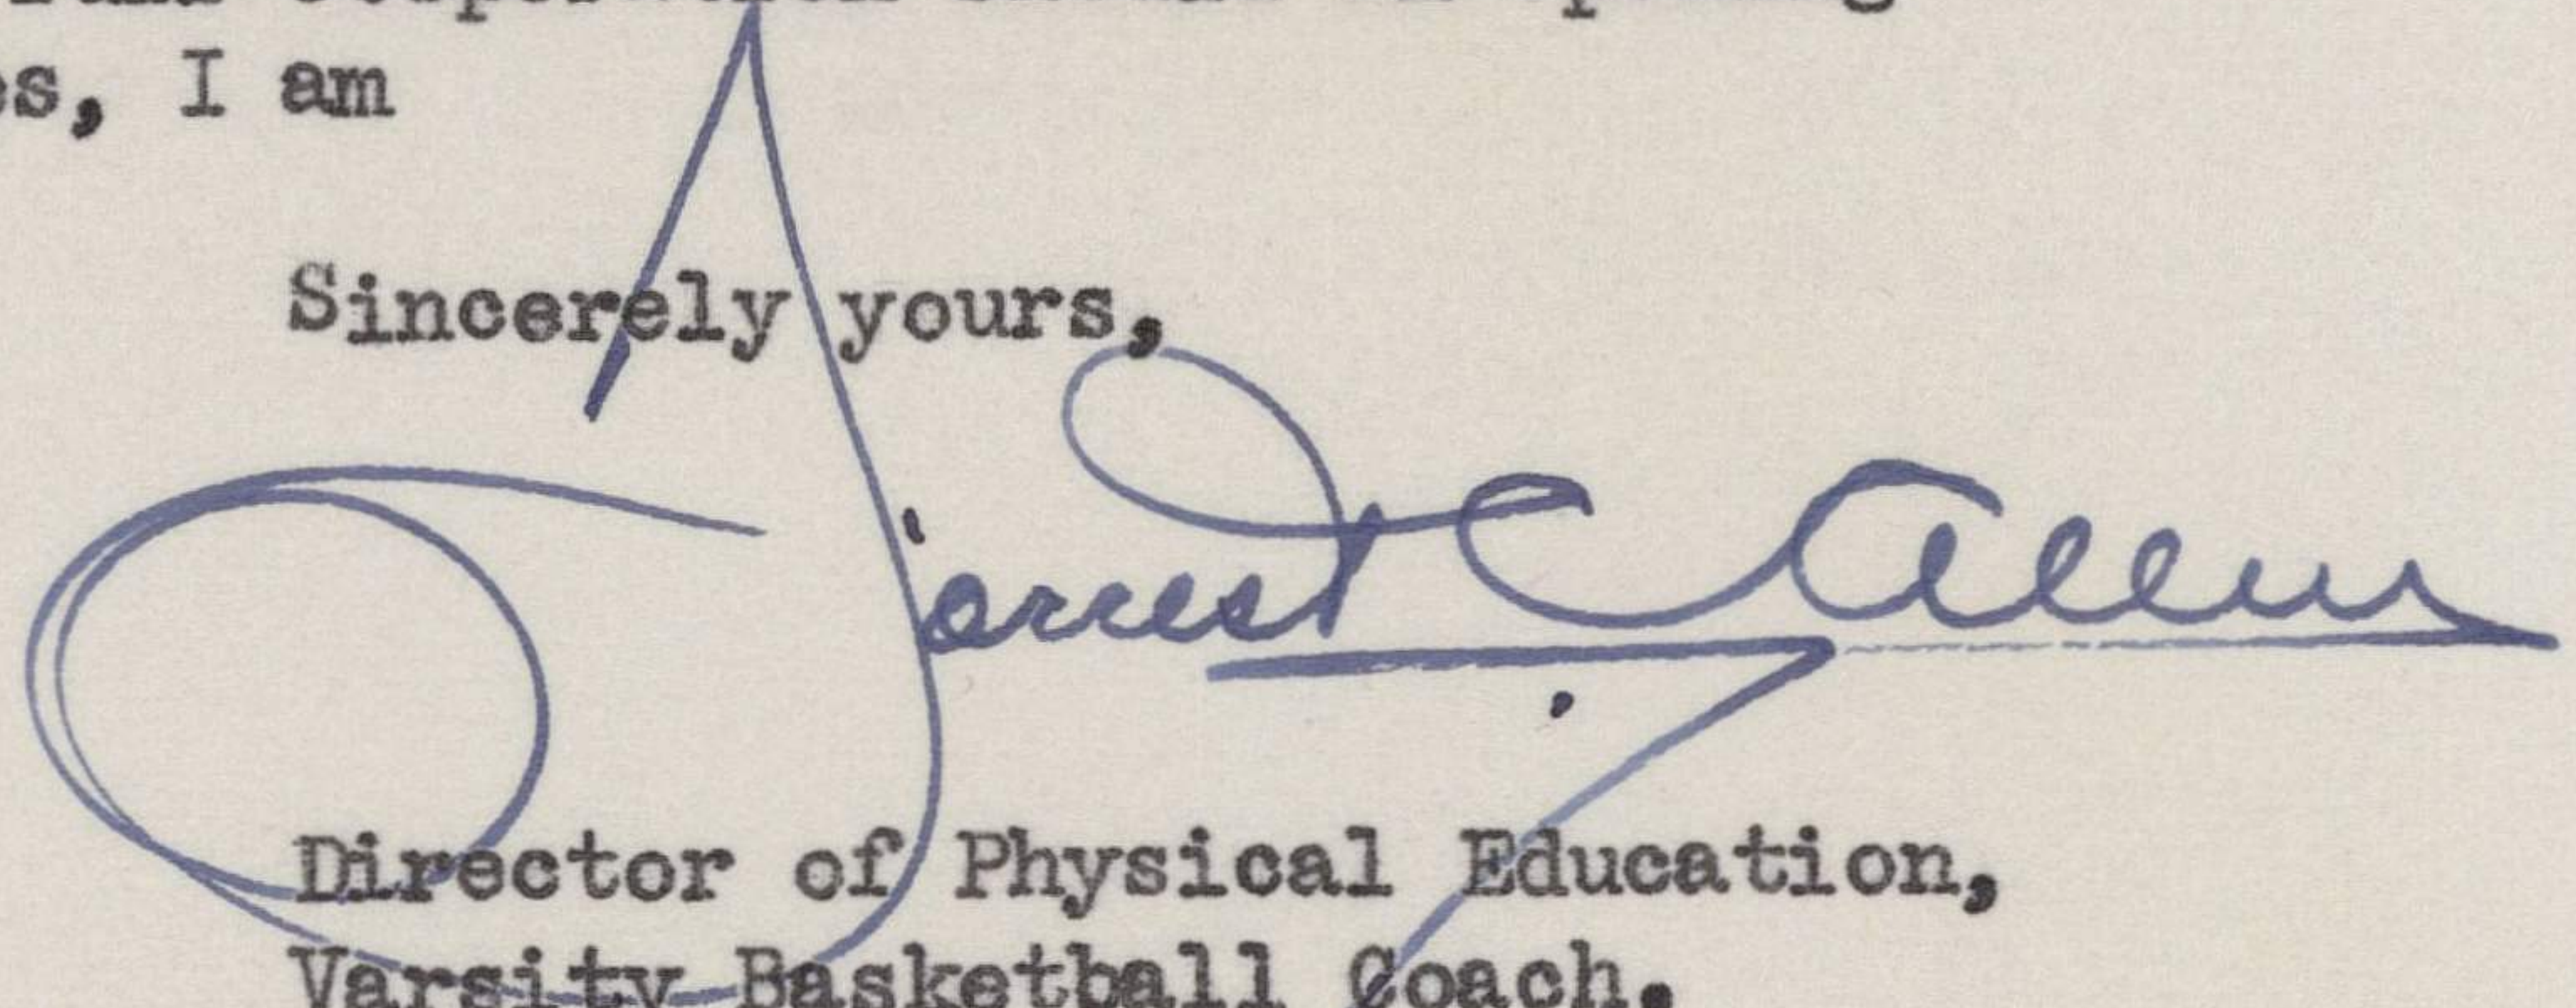

Answering your inquiry, I might state that the proper person to write to would be Mr. Gwinn Henry, Director of Athletics, University of Kansas. However, I might also state that Mr. Earl Falkenstien, who was secured from the Lawrence National Bank some ten years ago, is the financial secretary and is definitely entrenched in this position. In my opinion he is doing one of the best jobs that it is possible to do.

Should there be an opening I am sure that you could count on my giving you a fine recommendation. However, Mr. Falkenstien is active in the civic life of the community and he numbers his friends by legion. He is a particularly conscientious and hard-working individual, as well as being highly efficient. At the present time, Bobby, I do not see any opening.

Mr. Falkenstien has as his secretary Mrs. Imogene Webster, and when the ticket sales come on in the fall and winter he employs some available student help. So the job is not large enough for another individual, and at the present time it is being taken care of in a highly efficient manner. If at any time an opening should occur I will be happy to communicate with you.

I will be sure to inform Mrs. Allen and the rest of the Allens that I got this nice letter from you, and you can rest assured of my full cooperation should an opening arise. With all good wishes, I am

PERSONAL

Dr. Forrest C. Allen  
Athletic Department  
University of Kansas  
Lawrence, Kansas

Dear Dr. Allen:

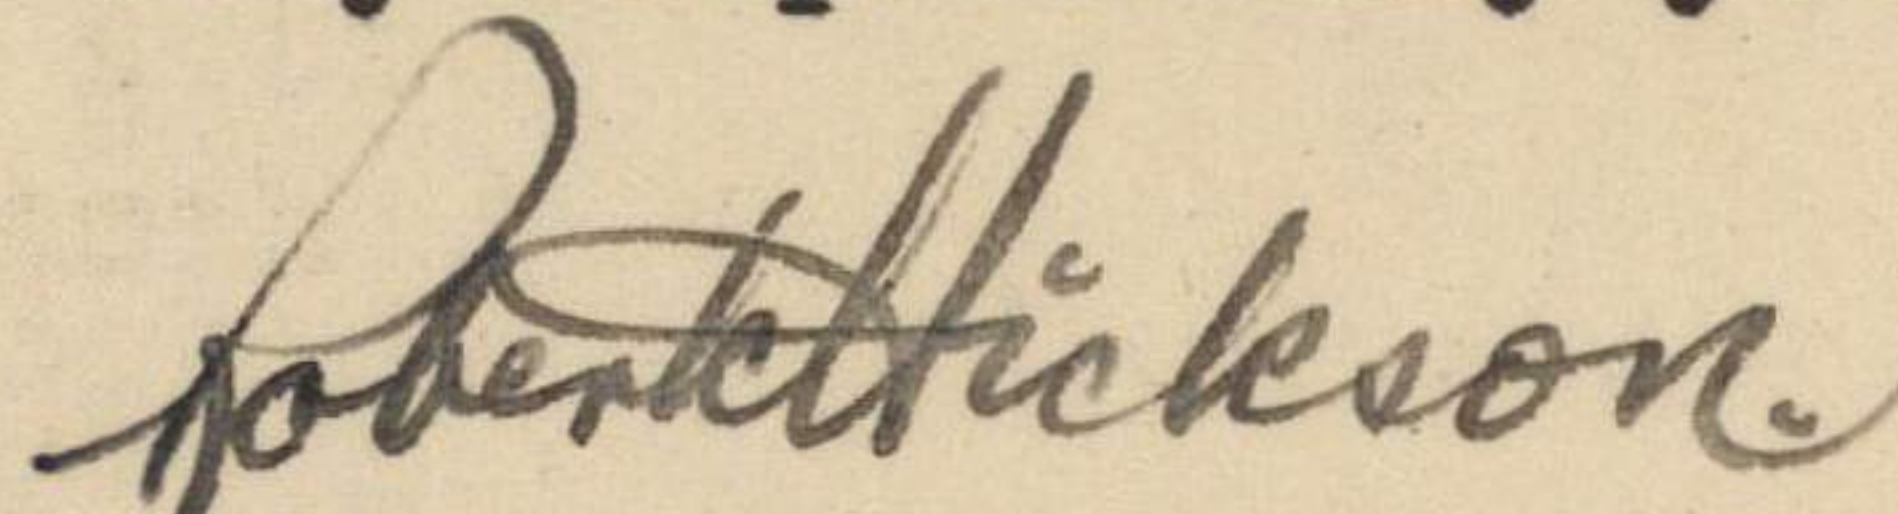

Since leaving Lawrence in 1926 I have been constantly aware of a deep affection for that town and K. U. There recently occurred to me a means of returning to that locality which has become increasingly appealing. The objective I have in mind is employment in the Business Section of the Athletic Department of the University of Kansas. This possibility is doubly inviting because of my more than common interest in athletics in general.

Please understand that I do not mean to ask your intervention in my behalf. I do, however, request the favor of your informed advice as a friend, which I hope is not being too presumptuous. Your suggestions as to whom to contact, procedure to follow, and qualifications necessary, as well as any incidental information available, will be sincerely appreciated.

I am not particularly dissatisfied with my present employment in the Soil Conservation Service of the U. S. Department of Agriculture, but as I said above, I have always yearned for an opportunity to return to Lawrence. However, I feel that my association with the detail and thorough accuracy required in this work, as well as the practical experience in Property recording and management, and in Procurement, might be of value in the extensive property activities which must be present in an Athletic Department of such consequence.

Please give my very kindest regards to Mrs. Allen. I think of "the Allens" often, always with respect and esteem. Your convenience in replying to this letter will be respected.

Very respectfully yours,

Robert C. Hickson.

Dear Ormond:

I was happy to hear from you and you may rest assured that I will do what I can for John Bergman. As you know, I am not Director of Athletics, and have no authority in placing men of this kind, but I think I am in a position to help.

If he should come down I would introduce him to the people who are in charge, and I would do everything I could to help him. You can count on that.

Yes, I had heard that you were publisher of the Kearney paper and I want to congratulate you on moving up to a fine location. Alfred needs a deserved vacation. I trust that he and the family will have a fine trip east. Alfred is such an indefatigable individual that he will not be out of circulation long.

I am glad that you like the selection of Deane Malott as the new chancellor. It seems from all that I can learn that everybody thinks the Board of Regents made a very wise choice.

Dear Phog:

I have been intending to write you for quite some time, but it seems like I just have not got around to do it.

I think you knew that I purchased the paper here at Kearney, and I took active charge the first of the month. I am having a lot of fun on it, and while I am now a Cornhusker, I am still going to get just as much satisfaction as ever whenever Kansas succeeds in taking the Cornhuskers in any athletic contest.

What I wanted to write you about is whether there was any possibility for a job as an assistant trainer for a Kansas City Westport high school graduate this year, by the name of John Bergman. His father for years ran bath houses at Excelsior Springs and his mother is with the Feldman-Hirsch Health organization in Kansas City. Mrs. Hill tells me that she really knows her stuff. John has been working for the mens department of Feldman-Hirsch this winter and I think knows considerably more about rubbing than any student you would be able to pick up. He is one of the swellest youngsters I have ever known. He is an Eagle Scout and is a member of the aviation scout unit sponsored by the P W A. He wants to take his college work in aviation engineering. The hook up K U has with the government on aviation, makes K U the best school he could possibly enroll in.

I expect to be in Kansas City this week end. The family is still living there and will do so until school is out. If there is any chance of you being able to do anything for John on a job, I would appreciate your dropping me a note at 6810 Edgevale, Kansas City, and I would get in touch with John this week end,

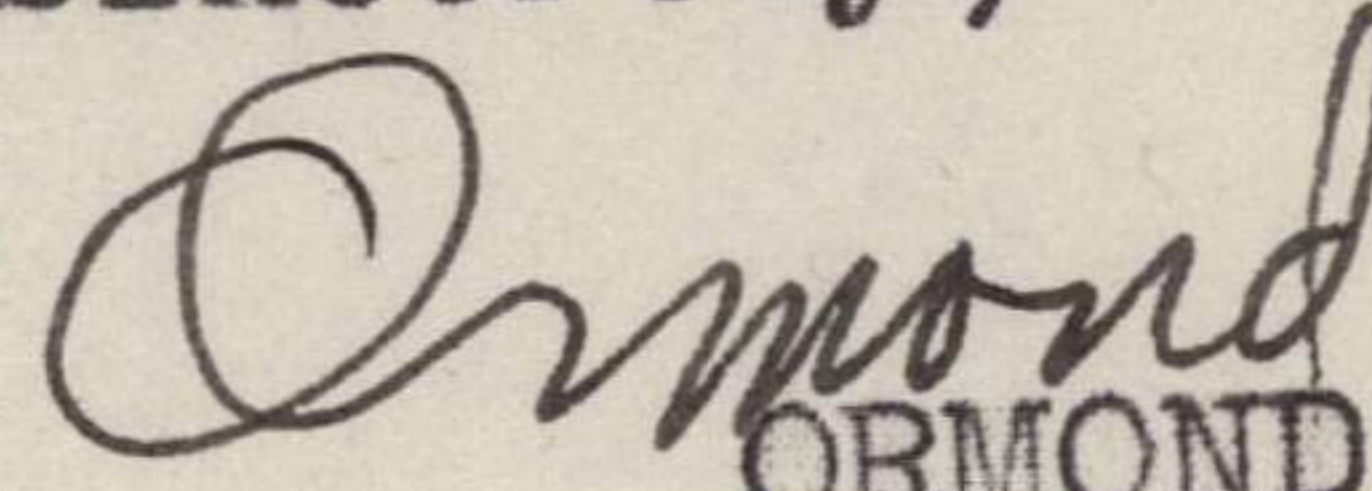

and ask him to follow up with you or whoever he should follow up with.

Was of course greatly interested in the selection of Dean Mallott as the new chancellor. I always thought Dean was one of the brightest fellows in school at the time I was in school.

Alfred has been here at Kearney for me since the first of the year, and left this week with his family for a vacation trip in the east. His plans for the future are considerably up in the air.

Kindest personal regards,

Sincerely,

  
ORMOND P. HILL
