Dr. F. C. Allen,
Director of Physical Education,
University of Kansas,
Lawrence, Kans.

My dear Doctor:

Since you attended the Game Saturday I do not need to tell you how thrilled I was with the entire sixty minutes of playing.

Our seats were in the shade and while they were high up we could see every play perfectly and I want you to know at this time that I am very, very grateful for your good attention and kindness. Naturally, I should have secured my tickets earlier but I did not have the assurance of my company until late.

Trusting that you will call on me when I can be of service and again thanking you sincerely, I am with best wishes

DGH:HM.

Yours very truly,

D. G. Hamilton
