My dear Dr. Allen:

My officiating schedule for this year shows that I am to work in the Oklahoma-Kansas game at Norman on October 23. This is the only assignment I have for any of the Big Six schools this fall, and since I have most of my Saturday afternoons open, I will be available for work in any games if a vacancy in the officiating lists should occur. I know that there are some men who transfer to other localities or for other reasons cannot serve after being assigned, and I thought that if any such emergencies arose this fall, that you might be able to assign me to some of these games. In case there are any vacancies, either in the regular Big Six schedule or non-conference games, I shall be glad to serve if called upon.

Sincerely yours,

Strong Hinman
