Lawrence, Kansas.

Dear Mr. Allen

Have decided to come to Kansas  
University. After the talk I had with you  
and Mr. Hargus. I have compared the work  
with that of the other schools and the  
University seems the best bet.

I would like to know if it would be  
the best thing to do, if I should come down  
before school started and get a program  
worked out.

Yours
