

September 22, 1937.

Mr. J. L. Brenn, President,
Huntington Laboratories, Inc.,
Huntington, Indiana.

Dear Mr. Brenn:

Your good letter of July 7th came to my attention upon my return from vacation in the East.

Any time that is convenient for you to send the films to the University of Kansas will be convenient for me. I will return them as soon as I have had an opportunity to show them. Our visual education department here at the University will take very good care of them, and will return them at once.

By the way, I had a son at Culver in the Black Horse Troop this summer. They made an overnight stand at Huntington during their one hundred-mile week's trek. Robert, who has been at Culver the last three summers, reports a very splendid turn out at the drill and exhibition the Culver cadets gave in your city under the arc light.

With every good wish, I am

Very cordially yours,

FCA:AH

Director of Physical Education.
