T. P. Hunter

Dr. Forrest C. Allen,
Director of Athletics,
University of Kansas,
Lawrence, Kansas.

Dear Dr. Allen:

This is a rather belated letter, but I want to write you to let you know how pleased T. P. Hunter seemed on his return from Lawrence. He is very much enthused about his intentions of enrolling in K. U. this fall.

I will say that he is certainly sold on you, Dr. Allen, and I know he will be more than pleased with his decision as the years go by.

There is one problem which is still worrying him considerably and that is the out-of-state matriculation fee. His brother does not care to go through the adoption proceedings due to legal and financial reasons. His brother has recently moved to Hutchinson, Kansas and has been paying taxes in the state for more than a year. If this fact will not entitle T. P. to enrollment without the extra fee, his brother has consented to be appointed his guardian.

Please advise me the proper way you think this should be handled, as we should like to have this matter settled before T. P. leaves for Lawrence.

May I hear from you in the near future?

Yours truly,

Leland Gradinger
