

Could I get in N.O. next semester? I guess
it's about all. How is Ralph + Joe getting
along. I sure would like to hear from
them, but I haven't got their address.
I have been playing first string end so
far, but there are some good boys down here.
We have sixty-five boys out for Freshman
ball. Well I guess that's about all. I sure
wish I was up there up all the boys I
know. I hope I can get in up there next
semester and play basketball under you. I
would fight my heart out to make
your team. Please answer this letter
right away, because we have a game in
two weeks. Wishing you a lot of luck
in this coming ~~season~~^{basketball} season and am,

Sincerely Yours

But Hayes
