

E

October 6, 1937.

Mr. T. L. Chisholm,
Hookless Fastener Co.,
Meadville, Pa.

Dear Mr. Chisholm:

I have started my basketball practice, and I was wondering if you would be kind enough to pass the word along to Lowe & Campbell at your convenience.

I would like to have a hip pocket with zipper fastener on the pocket on the right side, or left - it doesn't make any difference, so that I can carry my whistle and key. A small pocket is quite convenient.

I trust that the legal phase of your difficulties was straightened out to your entire satisfaction.

It is not necessary for you to send the old uniform back, as it is old and rather ragged, so if you would rather keep it you may. But it is getting a little chilly out here and I would like something to work in that would look presentable.

With every good wish, I am

Sincerely yours,

FCA:AH

Director of Physical Education.
