

September 17, 1937.

Mr. Eugene A. White,
605 Rorabaugh-Wiley Building,
Hutchinson, Kansas.

Dear E.A.:

I am answering your communication concerning T. P. Hunter, Jr. I called Mr. George O. Foster, the Registrar, and he gave me the same information that I gave T. P. to convey to his brother. It is necessary that Mr. T. B. Hunter go to the probate judge of your county and certify that he has been made the legal guardian of T. P. Hunter, Jr.

May I give you a resume of this situation. Lee Gradinger, a Pi K A from Kansas who now resides in Oklahoma City, wrote me several months ago saying that he was interested in T. P., Jr. I then received letters from T. P. and other boosters of his toward his coming as a student at the University. It was explained to me by Gradinger that T. B. was supporting him, and since he resided in Hutchinson, Kansas, they were wondering if it would be necessary to have him excused from paying out-of-state fees. I called George O. Foster, and he gave me this information. I am now passing it on to you.

I would suggest that you mail this statement of the judge to T. P., Jr., here in Lawrence and he can take it to the Registrar. I understand that this document will be sufficient to excuse T. P. from the out-of-state fee.

Yes, the boys had a very successful rush week and I hear many compliments over the Hill among the academic faculty regarding the fine rush class that they obtained, and further the faculty expressed the notion that the fraternity is growing by leaps and bounds. That is always a pleasing thing to hear. I believe it is justified.

With every good wish to you, I am

Fraternally,

FCA:AH

Director of Physical Education.
