Dr. Paul Harrington,
11 South 20th Street,
Kansas City, Kansas.

Dear Dr. Paul:

Won't you write me and let me know how things progressed with you and Mr. Mitchell? I see you are playing with them, and only last week I got a very glowing letter from Mr. Mitchell stating that you were all that I said you were, and he was immensely pleased.

Did they do as fulsome a job as we hoped? I did my best. I know that you will deliver the goods in a big way.

With every good wish, I am

Sincerely yours,
