Dr. F.C.Allen,
University of Kansas,
Lawrence, Kansas.

My dear Dr. Allen:-

It was an inspiration to me to have you and all those fine young men of your Basketball teams present last Sunday morning. I hope they enjoyed the service as much as I appreciated their presence.

I am anticipating a victory on Friday night when you go to Norman, because I believe the boys have the ability and you can give them the leadership necessary to come back at the head of the conference. It will doubtless be a hard game, but the clear thinking and right living on the part of the players will be marvelous assets in the contest.

With best wishes for your continued success,
I remain,

Most cordially,

Robert A. Hunt
