February 28, 1938

Dr. Forrest C. Allen,  
Kansas University  
Lawrence, Kansas.

My dear Dr. Allen:-

Congratulations on the victory of last night. It looks as if Kansas State might give some trouble to Nebraska and Okalhoma yet.

For several years I have extended an invitation to your Basket Ball team to attend church with you and in every instance they have accepted and responded in a very cordial way.

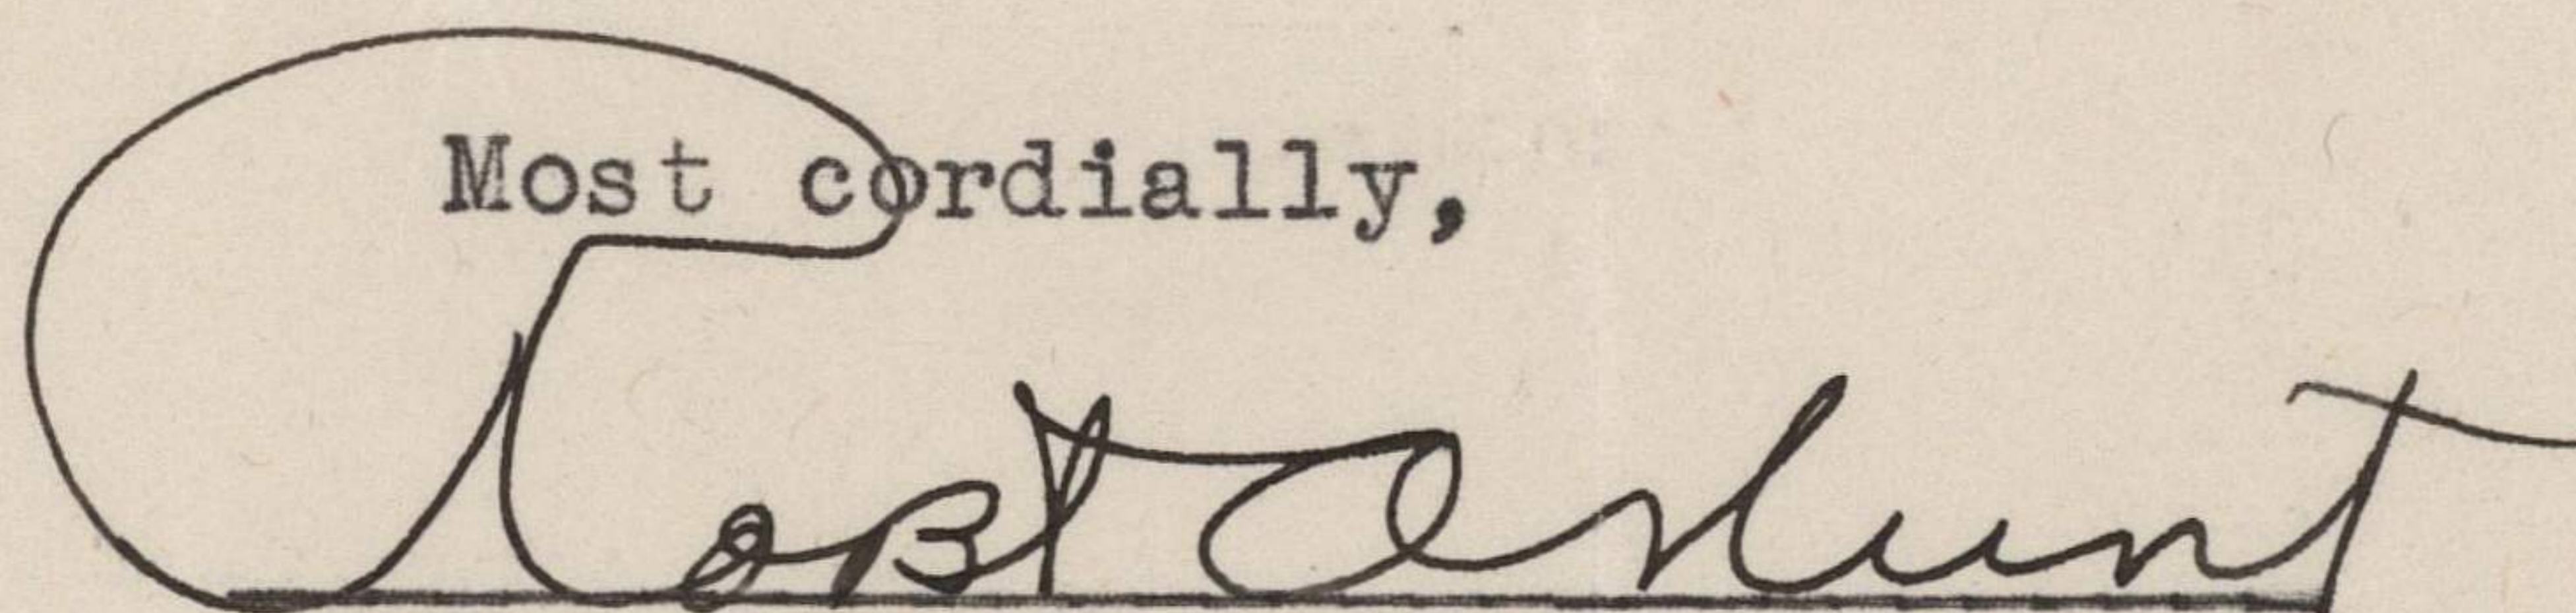

I wish to again invite your present team to be our guests at the Granada Theater at the morning servie next Sunday at 10:50. At that time I shall speak on the theme, "Two Immortals-Lincoln and Lee". There will be good music and I am sure the boys wulll enjoy a service at the Granada.

May I ask you to also extend this invitation to Mr. Plumley and through him to the Freshman squad. I would be pleased to have them with us also.

I would be pleased to have your secretary inform Miss Davis as to the action taken on this invitation.

If for any reason another Sunday would be better than the coming one, you may make your own selection.

Most cordially,
