

but thanks to your training, which taught me that anything worth while is worth fighting for, I never become discouraged. I believe it is because of that spirit which you instill in your men that makes them win.

It is true, I was never a star on your team but honestly know one ever appreciated or reaped more from your teaching than myself.

I hope this letter finds you satisfied with your teams play so far this season.

Please give my regards to Mrs Allen, and wishing you all a very merry Christmas I remain,

Sincerely yours
Ray Halliday
